[The Times History of the World](#) Aug 22 2021 "The history of the world is replete with conflict, change, revolution and innovation. Yet, there are points in history at which we can draw close parallels between our past and present. Our history shapes the way we live today, even as we might strive to break away from the bounds of the past." "With a narrative scope beginning with human origins around 5 million years ago, and ending with global communications and the economy and environment in the modern age, [The Times History of the World](#) is a superb accomplishment. The body of the text is a chronological sweep across the history of the world, split geographically and thematically." "In addition, historian Richard Overy gives us his opinions in an exclusive extended article which enables him to freely explore the lessons the world has learnt from history, as well as the ways in which the world is constantly changing. He shows how the world has in a sense, become smaller, as communications and technology become more and more prevalent, but how wars and conflicts, poverty and religion, can still drive us apart. Concluding with thoughts on what will be the dominant factors driving the world in the future, Richard Overy gives us a rare opportunity to consider world history in one magnificent sweep."--BOOK JACKET.

[The World of the Early Church](#) Dec 14 2020 This is a portrait and analysis of the environment in which the Christian faith first grew, as well as an account of the Church's responses to that environment. It provides the student and reader with a perspective on the world surrounding the Church. It covers not only the world of the advent of Christ and the work of the apostles, but also the much less-studied world in the gap between the Old and New Testaments.

[Secrets of the World's Worst Matchmaker](#) Nov 05 2022 Colton is Juno's best friend. He'd usually be the one she goes to for advice on what to do when you fall in love with your best friend. You're a matchmaker and you realize too late you're in love with your childhood best friend. You only have yourself to blame--you're the one who matched him and now he's engaged to be married. When you find yourself in this position there's a few secrets you're going to need to keep... Secret #1 - Smile when he tells you the happy news, even if your heart cracks in half. Secret #2 - Don't compare yourself to his beautiful French fiancée. You're just as beautiful. Secret #3 - Don't tag along to the tux fitting with him alone. Just no. Secret #4 - Don't help him learn to dance to his wedding song. Secret #5 - Erase all memories of the two of you through the years when lines blurred for even the briefest of moments. And the one you never saw coming... Secret #6 - Definitely, don't stand and object--someone else might just do it for you.

[To the Edge of the World](#) Dec 26 2021 Christian Wolmar expertly tells the story of the Trans-Siberian railway from its conception and construction under Tsar Alexander III, to the northern extension ordered by Brezhnev and its current success as a vital artery. He also explores the crucial role the line played in both the Russian Civil War -Trotsky famously used an armoured carriage as his command post - and the Second World War, during which the railway saved the country from certain defeat. Like the author's previous railway histories, it focuses on the personalities, as well as the political and economic events, that lay behind one of the most extraordinary engineering triumphs of the nineteenth century.

[The Ukraine War and the Open Crisis of the Imperialist World System](#) Apr 17 2021 "With the Ukraine war and the acute threat of a Third World War, a new phase of accelerated destabilization of the imperialist world system emerged within the framework of the general crisis of capitalism. It prepares the ground for a revolutionary world crisis. Thus the general crisis-ridden nature of imperialism takes on a new quality. All major contradictions of the imperialist world system are intensifying by leaps and bounds. ... This new starting situation abruptly changes the task of the revolutionary class struggle." (p. 58)

[Strolling About on the Roof of the World](#) Nov 24 2021 This book covers the first one hundred years of the Royal Society for Asian Affairs, formerly the Royal Central Asian Society. It is generously illustrated and includes some of the Society's previously unpublished archival photographs.

Faster, Higher, Farther: How One of the World's Largest Automakers Committed a Massive and Stunning Fraud Jul 21 2021 "A rich history of a company whose cars, for better and worse, have touched millions of lives, a character study of a brilliant but deeply flawed leader, and a case study in how a corporate culture can turn toxic." -Bethany McLean, New York Times Book Review Faster, Higher, Farther chronicles a corporate scandal that rivals those at Enron and Lehman Brothers--one that will cost Volkswagen more than \$22 billion in fines and settlements. Through meticulous reporting, New York Times correspondent Jack Ewing documents why VW felt compelled to install "defeat devices" in diesel vehicles that unlawfully lowered CO2 levels during emissions testing, and how the fraud was committed, covered up, and finally detected. Faster, Higher, Farther is a briskly written account of unrivaled corporate greed. Updated with the latest information and a new afterword by the author.

[The End of the World Mafia](#) Aug 02 2022 This novel describes the end of the international Mafia in 2020 and the story of a middle-class bank employee who - due to an intrigue - became the right-hand man of the Sicilian Mafia's supreme boss. The author worked several decades as top manager in the international world of finance. As CEO of one of the first German risk capital firms that spoke out in favor of companies in the software world, he later gained deep insight into the financial flow of globally active equity investment banks. It was inevitable and almost compulsory that he met dubious characters during such transactions. It must be said though that it is highly advisable not to get entangled personally in this shadow world. For several years, the author developed the idea of writing a detective novel about the organization of the international Mafia. Own economic experiences were to contribute to the story. The novel does not lay any claim to scientific research and accuracy, but should reflect the author's personal impression. During his own study of books, the author often experienced that he was unable to read a story from start to finish due to lack of time. Each time he started again, he had to re-read several sections in order to be able to follow the story. This novel serves to counteract this problem and represents light reading making it easier to get back into the story again due to its coherent chapters and paragraphs. Therefore, it is well suited for vacation time or travels.

[The World of Organic Agriculture](#) Feb 13 2021 The new edition of this annual publication (previously published solely by IFOAM and FiBL) documents recent developments in global organic agriculture. It includes contributions from representatives of the organic sector from throughout the world and provides comprehensive organic farming statistics that cover surface area under organic management, numbers of farms and specific information about commodities and land use in organic systems. The book also contains information on the global market of the burgeoning organic sector, the latest developments in organic certification, standards and regulations, and insights into current status and emerging trends for organic agriculture by continent from the world's foremost experts. For this edition, all statistical data and regional review chapters have been thoroughly updated. Completely new chapters on organic agriculture in the Pacific, on the International Task Force on Harmonization and Equivalence in Organic Agriculture and on organic aquaculture have been added. Published with IFOAM and FiBL

[The Future of the World's Steel Industry](#) Dec 02 2019

[The Society of the Sacred Heart in the World of Its Times 1865 -2000](#) Sep 22 2021 After the death of its founder in 1865, the Society of the Sacred Heart experienced exceptional recruitment and expansion, and departure from France of more than 2500 religious at the beginning of the century. Its story is that of the thousands of women who joined it to root their lives in its charism. In the forty countries where they have been sent, they have had to confront liberalism and anti-clericalism, revolution, the effects of Nazism and Marxism and world wars that destroyed their houses and scattered their members. After the Second Vatican Council, the elimination of cloister opened new fields of apostolic work to the Society. This book shows how the congregation developed amid internal crises, which did not differ from those in the Church and civil society, and how from these crises there emerged little by little a new way to be a Religious of the Sacred Heart.
