The Book of Horses Jul 17 2021 The Book of Horses celebrates the world of the magnificent horse. An engaging visual feast, it transports readers from the Mongolian steppe to thrilling racetrack. The lavish pictures - including evocative photographs and horse profiles - tell their own stories without the need for too much text. Discover the white horses of the Camargue that gallop through the sea, the lithe thoroughbreds that race at 43 miles an hour, and the brave war horses that plunged into the horror of battle, and many more. At the same time, readers will learn how to care for horses and ponies, keeping them in top condition.

Raising Donkeys Nov 08 2020 If you want to learn how to raise donkeys, then keep reading... Donkeys are a unique and hardy creature with a long-running history living alongside humans. They have long been used to provide agricultural labor, hauling small loads, and even as transportation for people across the Silk Road. Have you ever thought about raising donkeys for profit? Have you wondered what is involved in caring for and managing these animals? This guide will provide all the information you need to have a basic understanding of the history of donkeys, their care, feeding, grooming, breeding, and more. In this book, you'll discover... Their storied history alongside man as both beasts of burden and military assistants. Discover the most common breeds of donkey.

Ultimate Guide To Understanding Bitcoin Ethereum Litecoin Monero Zcash Mining Technologies Pdf For Free

Understand the fine points of purchasing a healthy donkey. Learn their unique dietary needs and what not to feed them. Understand the ins and outs of caring for donkeys, including the materials required for proper care. Discover their unique breeding process and how to breed donkeys and mules successfully and safely. Discover the long history of donkey milk as medicine and high-end beauty product. Discover the myriad of ways you can make an income from raising, breeding, and caring for these animals. This guide provides readers with a wide breadth of information, from the history of the donkey and its interactions with humans to lucrative ways you can make money raising and caring for donkeys in today's competitive environment. Though not as well-known as the horse, the humble donkey is a great animal for a wide range of uses, from a companion animal to a guard for livestock on a farm. With their long history alongside man, the donkey has a unique role in our history and will continue to be a part of our lives in the future. If you're interested in learning how to purchase, raise, care for, and breed these amazing creatures, then click the add to cart button to get started!

The Ultimate Guide to Differentiation Jun 27 2022 This book is the ultimate guide to differentiation in early years, schools and further education settings by Sue Cowley, bestselling author of *Getting the Buggers to Behave*. It offers over 90 practical and time-saving strategies for effective differentiation in every classroom. *The Ultimate Guide to Differentiation* demonstrates how teachers already differentiate much of the time, in subtle and creative ways. Sue Cowley shows that we need to understand, acknowledge and celebrate the variety of approaches that teachers already use to differentiate, as well as helping them to develop additional strategies. The book takes the reader through the different methods and approaches to differentiation, providing a step-by-step guide to each. It is broken down into five core areas - planning, resources, learners, teaching and assessment - and readers can dip in and out to find strategies as and when they need them. Written in Sue's much loved realistic, honest and practical style, *The Ultimate Guide to Differentiation* will help teachers, practitioners and support staff to feel confident that they are meeting the needs of every learner.

Pandolfini's Ultimate Guide to Chess Apr 25 2022 From America's foremost chess teacher and author comes a new standard: a comprehensive course covering all aspects of the game, to improve your technique whether you are a newcomer or a longtime fan. One of America's best-known chess masters, Bruce Pandolfini has helped millions learn the intricacies of chess through his acclaimed books and workshops. In this exciting volume, he presents a complete overview of the entire game and its culture. Structured as a dialogue between a beginning student and an expert teacher, Pandolfini's Ultimate Guide to Chess takes the student step-by-step from fundamentals to advanced, highly strategic play. Combining easy-to-follow diagrams with trenchant and up-to-date analysis, Pandolfini puts a new twist on accepted chess theory, offering a seamless beginning-to-end approach, including:

- a short introductory history of the game
- the moves, rules, and contemporary notation forms
- the basic principles of chess
- how to develop an opening repertoire
- the art of tactical play
- pattern recognition and memory aids
- traps and pitfalls to be avoided
- middlegame play, strategy, and planning
- defense and counterattack
- transitions to the endgame and the endgame itself
- computers and the future of chess
- the best websites for playing chess online

With Pandolfini's expert insight into the history and modern world of chess, as well as several

perfect gift for players of all ages and will be the benchmark title for chess players for years to come.

Whiskey Master Class Jul 25 2019 Go beyond the glass and discover the secrets behind your favorite style of whiskey. Over the past three decades, Lew Bryson has been one of the most influential voices in whiskey—a longtime editor of *Whisky Advocate* and author of the definitive guide *Tasting Whiskey*. In this book, Lew shares everything he's learned on his journey through the worlds of bourbon, Scotch, rye, Japanese whiskey, and more (yes, there are tasty Canadian and Irish whiskeys as well!). In this book, you'll find it all: An overview of the different types of whiskeys, including the rules and identities of each. He also includes information on craft whiskeys, which tend to be more creative and freewheeling than the styles made by traditional producers. Exploration of the key whiskey ingredients, with a close look at the flavor contributions of malt, peat, corn, rye, wheat—even water matters. Distillation for non-distillers and the beauty of barrels: Whiskey is both an art and a science, and what's in the glass is affected by things like pot stills vs. column stills, barrel char, and of course, time. Numerous interviews with master distillers, still makers, and other artisans at the top of their field. Tasting notes throughout so you can identify the whiskeys you might want to try next. Every chapter contains a variety of unique, often behind-the-scenes photography. And with whiskey as the subject, this is a class where you'll want to do the homework!

To Be Fair Aug 18 2021 What does it mean to be fair? Why do we feel unfairness so strongly? What has happened to us today that we spend more time condemning each other's views than giving each other a fair hearing? The idea of fairness is one of the most commonly-expressed concepts, not only in the United States but in many other cultures, yet nobody ever stops to think what it really means. We all

Read Online Bitcoin Ethereum Litecoin Monero Zcash Mining Technologies Pdf For Free

simply take the word 'fair' for granted. In this polemical guide to fairness, Ben Fenton explains the meaning of the word, how it fits into our genetic make-up within the deepest recesses of our brains and why we need our innate sense of fair play now more than ever. Fenton explores the idea that the unconscious procedure that humans go through in deciding fairness is the vital balancing act between competition and cooperation, the two driving forces that have made us the super-species of Planet Earth. He describes the neurology, anthropology, psychology, history and future of fairness and looks at how it affects our lives through politics, law, sex, religion, race, sport, business and even war. As a reporter of thirty years' experience, Fenton brings all his skills to bear in a lively and challenging description of the profound inner meaning of a throwaway phrase and why it matters so much to every single person in the world to seek To Be Fair.

MEDDICC Sep 18 2021 What do the world's most successful enterprise sales teams have in common? They rely on MEDDICC to make their sales process predictable and efficient. MEDDIC with one C was initially created by Dick Dunkel in 1996 when he was at PTC. Since then MEDDICC has evolved to be better known as MEDDICC or MEDDPICC and has proliferated across the world being the go-to choice for elite enterprise sales organizations. If you ever find yourself feeling any of the following symptoms with your deal, you could benefit from MEDDICC: Your buyer doesn't see the value of your solution? (aka they think you are expensive) You are unable to find, articulate and quantify Pain You don't have a Champion or at the very least a Coach helping you navigate and sell You find yourself unable to gain access to people with power and influence You don't know how the

customer makes decisions You don't know who is involved in the decision-making process You find yourself surprised by things that come up in the sales process The decision criteria seem to move throughout the process, and you're constantly playing catch up Your Competition is landing strikes against you that you neither see coming nor are able to defend You lose track of where you stand in your deals Whether you are an individual contributor or a sales leader embracing MEDDICC will help you to beat those symptoms and take back control of your deal. Historically, learning MEDDICC has relied upon hands-on training, but now you can learn MEDDICC from an expert who uses it every day. The Book deconstructs MEDDICC into easy to understand and implement steps. Breaking down every letter of the acronym into actionable insights complemented by commentary on how MEDDICC can help sales organizations to revolutionize their sales execution and efficiency. In the words of the original creator of MEDDICC, Dick Dunkel: Whether you are an individual contributor or sales leader, my advice is that you should start to implement MEDDICC into what you do straight away. Embrace MEDDICC, and you and your team will more clearly understand the WHY to your process, and you'll begin to execute your customer interactions with more purpose and achieve better results. And like so many others before, you will begin to reap the rewards of having a well-qualified pipeline of opportunities with clearer paths to success. - Dick Dunkel, MEDDICC Creator.

Think for Yourself Nov 20 2021 Middle school is a time of change, when things begin to look different and assumptions start to be questioned, and today more than ever it's tough to know what to believe. This unique and timely book won't tell you what to think—that's up to you!—but it will show you how to think more deeply about your own life and current events. Covering a wide range of subjects affecting the world today, including human and animal rights, social media, cyber bullying, the refugee crisis, and more, THINK FOR YOURSELF will help you to learn how to ask questions, analyze evidence, and use logic to draw conclusions, so you can solve problems and make smart decisions. Each chapter of the book covers one key step in the critical thinking process, and includes a real-world example to help convey the importance and relevance of every step: Ask Questions: If you want to be a critical thinker, it helps to be curious. It's normal to wonder about the world around us. Some questions are big, and some are small. Sometimes questions can spark debate and

argument. All critical thinking starts with at least one question. Gather Evidence: First, find information—from making observations to interviewing experts to researching a topic online or in books. Then make connections and draw conclusions. Evaluating Evidence: Smart thinkers evaluate the importance, accuracy and relevancy of the information they gather. Getting Curious: Consider other points of view, examine your own point of view, understand the power of emotion, and practice empathy. Draw Conclusions: The final step in the critical thinking process, this is based on reason and evidence. Revisit your original question, review the evidence and what you've learned, and consider your values. And remember: critical thinking doesn't stop when you've reached a decision. Learn how to discuss and debate other points of view. Then keep growing. Sometimes you might change your mind—that's OK, too! Featuring profiles of real-life inspiring young critical thinkers from around the world, checklists, quizzes, and activities, THINK FOR YOURSELF is a clever and fun illustrated guide that teaches middle schoolers that even young people can make a difference in the world just by thinking smart and understanding. INCLUDES: Your Turn: activities to help connect ideas to readers' lives Quizzes Profiles of inspiring young critical thinkers A Reading List for Young Thinkers Teacher's guides Plus a table of contents, index, and glossary for easy searching Stop the Drama! the Ultimate Guide to Female Teams Aug 06 2020 Every female athlete, her coaches, parents, teachers, and administrators will find Stop The Drama! invaluable as they navigate the stormy waters of team conflict and strive to reach their full potential, on and off the field, and beyond: We are failing young women by not providing them the skills they need to deal with conflict in a productive way. They aren't taught the communication skills needed to have tough conversations, work through issues, and move on. They aren't held accountable to owning their feelings and speaking up with the person with whom they have an issue. Sadly, the negative

movie guide brings depth to the martial arts films of the 1970s, with more than 2,000 titles from 14 countries broken down into lively reviews, detailed discussions, and meticulous references. With an engaging introduction to kung-fu cinema, this examination then launches into a collection of more than 500 martial arts reviews that include the movie name, time, and place of theatrical release, director name, list of principal actors, fight instructors, and interesting tidbits about the film. Each entry also includes statistics such as the number and length of training and fight sequences. Complete indexes are also featured, listing actors and movies by their English variations as well as countries of origin. Both a fun read and an accurate resource, this handbook is a must-have for movie fans and martial artists alike.
