Oliver Hart and the Rise of Baptist AmericaOct 12 2020 Baptists in America began the eighteenth century a small, scattered, often harassed sect in a vast sea of religious options. By the early nineteenth century, they were a unified, powerful, and rapidly-growing denomination, poised to send missionaries to the other side of the world. One of the most influential yet neglected leaders in that transformation was Oliver Hart, longtime pastor of the Charleston Baptist Church. Oliver Hart and the Rise of Baptist America is the first modern biography of Hart, arguably the most important evangelical leader in the pre-Revolutionary South. During his thirty years in Charleston, Hart emerged as the region's most important Baptist denominational architect. His outspoken patriotism forced him to flee Charleston when the British army invaded Charleston in 1780, but he left behind a southern Baptist people forever changed by his energetic ministry. Hart's accommodating stance toward slavery enabled him and the white Baptists who followed him to reach the center of southern society, but also eventually doomed the national Baptist denomination of Hart's dreams. More than a biography, Oliver Hart and the Rise of Baptist America seamlessly intertwines Hart's story with that of eighteenth-century American Baptists, providing one of the most thorough accounts to date of this important and understudied religious group's development. This book makes a significant contribution to the study of Baptist life and evangelicalism in the pre-Revolutionary South and beyond.

The Rise and Fall of the Plantation ComplexJun 07 2020 Over a period of several centuries, Europeans developed an intricate system of plantation agriculture overseas that was quite different from the agricultural system used at home. Though the plantation complex centered on the American tropics, its influence was much wider. Much more than an economic order for the Americas, the plantation complex had an important place in world history. These essays concentrate on the intercontinental impact.

THE ORIGINALS - In Liebe vereint Sep 30 2019 New Orleans 1766: Die Werwölfe sind geflohen, die Hexen verbannt. Und die Stadt erstrahlt prachtvoller als je zuvor - unter der Alleinherrschaft der drei Vampire! Dennoch ist Klaus nicht zufrieden - er sehnt sich nach seiner großen Liebe Vivienne, so sehr, dass er sogar eine der Hexen um Hilfe bittet. Er ahnt nicht, dass er damit ein Blutbad heraufbeschwört, das alles in den Schatten stellt, was New Orleans bisher erlebt hat ...

Rise And Fall Of The Third Reich Dec 14 2020 The classic history of Adolph Hitler's rise to power and his dramatic defeat

The Rise and Fall of the Wealth of NationsApr 29 2022 This work explains long waves of economic activity and the rivalry of nations for leadership. It considers this concept and its characteristics, and discusses the idea that a change in economic leadership of a nation occurs after nations reach the height of their influence.

The Rise of Chaos Jan 15 2021 All Anastasia has ever wanted was to start a new life, a normal life, a life without her parents. As soon as Anastasia gets that chance however, she discovers quickly that a normal life was never a possibility for someone like her. Anastasia has always known that she was different, but she has never understood why. Two mysterious strangers, identical twins, offer answers that she desperately seeks, but can she trust what they tell her? One is evil and a creature of Chaos, the other is Light and a being filled with a pure soul. Unfortunately for Anastasia, it's no longer clear which is which. Chaos had already separated Anastasia from her soul mate, weakening her own purity. With her defenses down, she is a perfect target for Chaos to seep in and take control. Chaos has already corrupted her father, could she be next? Or will her determination to save her true love from the same fate be enough to protect her from corruption? When Chaos threatens to extinguish Light once and for all, Anastasia will have to decide which side to fight on. The unique abilities that have always made Anastasia different from everyone else are the very same abilities that may save or condemn her.

The Rise and Fall of Money Manager CapitalismAug 02 2022 The book studies the trends that led to the worst financial crisis since the Great Depression, as well as the unfolding of the crisis, in order to provide policy recommendations to improve financial stability. The book starts with changes in monetary policy and income distribution from the 1970s. These changes profoundly modified the foundations of economic growth in the US by destroying the commitment banking model and by decreasing the earning power of households whose consumption has been at the core of the growth process. The main themes of the book are the changes in the financial structure and income distribution, the collapse of the Ponzi process in 2007, and actual and prospective policy responses. The objective is to show that Minsky's approach can be used to understand the making and unfolding of the crisis and to draw some policy implications to improve financial stability.

The Master SwitchNov 05 2022 A New Yorker and Fortune Best Book of the Year "A must-read for all Americans who want to remain the ones deciding what they can read, watch, and listen to." —Arianna Huffington Analyzing the strategic maneuvers of today's great information powers—Apple, Google, and an eerily resurgent AT&T—Tim Wu uncovers a time-honored pattern in which invention begets industry and industry begets empire. It is easy to forget that every development in the history of the American information industry—from the telephone to radio to film—once existed in an open and chaotic marketplace inhabited by entrepreneurs and utopians, just as the Internet does today. Each of these, however, grew to be dominated by a monopolist or cartel. In this pathbreaking book, Tim Wu asks: will the Internet follow the same fate? Could the Web—the entire flow of American information—come to be ruled by a corporate leviathan in possession of "the master switch"? Here, Tim Wu shows how a battle royale for the Internet future is brewing, and this is one war we dare not tune out.

The Rise of the American Corporate Security StateAug 10 2020 Beatrice Edwards, executive director of the organization representing Edward Snowden and four other NSA whistleblowers, argues that we now live in a Corporate Security State, where the government is more interested in protecting the companies that serve it than the citizens who support it. Heavy domestic surveillance, political persecution of dissenters, the threat of indefinite detention codified into law—how did we get here? And is there a way out? Edwards details how intelligence agencies took advantage of 9/11 to illegitimately extend the government's reach. Corporations, she shows, were only too eager to sell them expensive surveillance technology, as well as share data on customers and employees using the bogus threat of an imminent "cyber war." This is why the Justice Department isn't going after the institutions responsible for the financial collapse of 2008—government and business are partners in crime. But Edwards offers a plan to fight back and restore transparency to government, keep private information private, and make democracy a reality once again.

The Rise And Fall of British Naval MasteryApr 17 2021 Paul Kennedy's classic naval history, now updated with a new introduction by the author This acclaimed book traces Britain's rise and fall as a sea power from the Tudors to the present day. Challenging the traditional view that the British are natural 'sons of the waves', he suggests instead that the country's fortunes as a significant maritime force have always been bound up with its economic growth. In doing so, he contributes significantly to the centuries-long debate between 'continental' and 'maritime' schools of strategy over Britain's policy in times of war. Setting British naval history within a framework of national, international, economic, political and strategic considerations, he offers a fresh approach to one of the central questions in British history. A new introduction extends his analysis into the twenty-first century and reflects on current American and Chinese ambitions for naval mastery. 'Excellent and stimulating' Correlli Barnett 'The first scholar to have set the sweep of British Naval history against the background of economic history' Michael Howard, Sunday Times 'By far the best study that has ever been done on the subject ... a sparkling and apt quotation on practically every page' Daniel A. Baugh, International History Review 'The best single-volume study of Britain and her naval past now available to us' Jon Sumida, Journal of Modern History

Mastering the UniverseJan 03 2020 Mastering the Universe is a must-read for members of the He-Man generation as well as for toy collectors, pop culture enthusiasts, inventors, and anyone interested in the drama of business history-as bloody a battleground as anything He-Man ever faced. Book jacket.

The Sound Of The CityApr 05 2020 This comprehensive study of the rise of rock and roll from 1954 to 1971 has now been expanded with close to 100 illustrations as well as a new introduction, recommended listening section, and bibliography.

The Rise and Rise of Road Transport, 1700-1999Sep 03 2022 An important survey of the development of road transport in Britain.

The Rise of Islam and the Bengal Frontier, 1204-1700Mar 05 2020 Eaton ranges over all the important aspects of that community's history, whether political and social, or cultural and religious...This study must rank among the finest contributions to South Asian scholarship to appear for some while.

We Are Called to RiseAug 22 2021 An immigrant youth struggling to assimilate, a middle-aged housewife with a troubled marriage, a Vegas social worker and a wounded soldier connect with each other and rescue themselves in the wake of an unthinkable incident. A first novel.

Last Call May 19 2021 A brilliant, authoritative, and fascinating history of America's most puzzling era, the years 1920 to 1933, when the US Constitution was amended to restrict one of America's favorite pastimes: drinking alcoholic beverages. From its start, America has been awash in drink. The sailing vessel that brought John Winthrop to the shores of the New World in 1630 carried more beer than water. By the 1820s, liquor flowed so plentifully it was cheaper than tea. That Americans would ever agree to relinquish their booze was as improbable as it was astonishing. Yet we did, and Last Call is Daniel Okrent's dazzling explanation of why we did it, what life under Prohibition was like, and how such an unprecedented degree of government interference in the private lives of Americans changed the country forever.

Writing with both wit and historical acuity, Okrent reveals how Prohibition marked a confluence of diverse forces: the growing political power of the women's suffrage movement, which allied itself with the anti-liquor campaign; the fear of small-town, native-stock Protestants that they were losing control of their country to the immigrants of the large cities; the anti-German sentiment stoked by World War I; and a variety of other unlikely factors, ranging from the rise of the automobile to the advent of the income tax. Through it all, Americans kept drinking, going to remarkably creative lengths to smuggle, sell, conceal, and convivially (and sometimes fatally) imbibe their favorite intoxicants. Last Call is peopled with vivid characters of an astonishing variety: Susan B. Anthony and Billy Sunday, William Jennings Bryan and bootlegger Sam Bronfman, Pierre S. du Pont and H. L. Mencken, Meyer Lansky and the incredible—if long-forgotten—federal official Mabel Walker Willebrandt, who throughout the twenties was the most powerful woman in the country. (Perhaps most surprising of all is Okrent's account of Joseph P. Kennedy's legendary, and long-misunderstood, role in the liquor business.) It's a book rich with stories from nearly all parts of the country. Okrent's narrative runs through smoky Manhattan speakeasies, where relations between the sexes were changed forever; California vineyards busily producing "sacramental" wine; New England fishing communities that gave up fishing for the more lucrative rum-running business; and in Washington, the halls of Congress itself, where politicians who had voted for Prohibition drank openly and without apology. Last Call is capacious, meticulous, and thrillingly told. It stands as the most complete history of Prohibition ever written and confirms Daniel Okrent's rank as a major American writer.

AVPS World History Series: The Rise and Fall of Soviet Communism Feb 25 2022

History of the rise and progress of Joint Stock Banks in England, with a statement of the law relating to themOct 04 2022

Top of the RockFeb 13 2021 Top of the Rock is an absorbing insiders' account of an incredible time and place in television history: the years when Must See TV—led by Cheers, Seinfeld, Friends, ER, and Law & Order—made NBC an unstoppable success. Here the story is vividly told through the words of the actors, writers, producers, creators, and network executives who helped the Peacock rise to its greatest heights—and then saw it all fall apart. Under the supervision of President of Entertainment Warren Littlefield, NBC went from being an also-ran, losing millions of dollars in failed shows, to the number one station, generating billions of dollars in profit. At its height, the Thursday night lineup alone brought in more revenue than the other six nights of programming combined. Top of the Rock dishes out behind-the-scenes stories from all the biggest shows, revealing the highly risky business decisions, creative passion, and blind leaps of faith that made Must See TV possible. Jerry Seinfeld | Jason Alexander | Kelsey Grammer | Sean Hayes | Helen Hunt | Lisa Kudrow | Eriq La Salle | Matt LeBlanc | John Lithgow | Julianna Margulies | Eric McCormack | Debra Messing | Megan Mullally | David Hyde Pierce | Paul Reiser | Noah Wyle | and more

The Rise and Fall of Ancient Egypt May 31 2022 This is a story studied with extraordinary achievements and historic moments, from the building of the pyramids and the conquest of Nubia, through Akhenaten's religious revolution, the power and beauty of Nefertiti, the glory of Tutankhamun's burial chamber, and the ruthlessness of Ramesses, to Alexander the Great's invasion, and Cleopatra's fatal entanglement with Rome. As the world's first nation-state, the history of Ancient Egypt is above all the story of the attempt to unite a disparate realm and defend it against hostile forces from within and without. Combining grand narrative sweep with detailed knowledge of hieroglyphs and the iconography of power, Toby Wilkinson reveals Ancient Egypt in all its complexity.

Iron Kingdom Dec 02 2019 Winner of the Wolfson History Prize, Christopher Clark's Iron Kingdom: The Rise and Downfall of Prussia 1600-1947 is a compelling account of a country that played a pivotal role in Europe's fortunes and fundamentally shaped our world. Prussia began as a medieval backwater, but transformed itself into a major European power and the force behind the creation of the German empire, until it was finally abolished by the Allies after the Second World War. With great flair and authority, Christopher Clark describes Prussia's great battles, dynastic marriages and astonishing reversals of fortune, its brilliant and charismatic leaders from the Hohenzollerns of Brandenburg to Bismarck and Frederick the Great, the military machine and the progressive, enlightened values on which it was built. "Fascinating ... masterly ... littered with intriguing detail and very observation" Richard Overy, Daily Telegraph "A terrific book ... the definitive history of this much-maligned state" Daily Telegraph Books of the Year "You couldn't have the triumph and the tragedy of Prussia better told" Observer "A magisterial history of Europe's only extinct power" Financial Times "Exemplary ... an illuminating, profoundly satisfying work of history" The

New York Times Christopher Clark is a lecturer in Modern European History at St Catharine's College, University of Cambridge. He is also the author of Kaiser Wilhelm II: A Life in Power.

Royal Victoria Rooms - The Rise and Fall of a Bridlington Landmark Mar 29 2022 From 1847 to 1933 a building complex known as the Victoria Rooms stood overlooking Bridlington harbour in East Yorkshire. In the 86 years it stood tall it was used for both entertainment, leisure and as the Town Hall, being given royal status in 1888 after a visit from the Duke of Clarence. But it was the drama of the building's final demise in September 1933 that made this grand building hit the headlines. A huge fire and some heroic deeds by the local residents meant that no lives were lost that eventful night. Now for the first time in the history of the Royal Victoria Rooms a book tells the story of the life and times of this iconic structure. Richard M. Jones is a historian who has put up six plaques to forgotten disasters around the UK and followed them up with books telling those stories. A serving member of the Royal Navy, he divides his time between Bridlington and Hampshire.

Avatar - Der Herr der Elemente: Der Schatten von Kyoshi Mar 17 2021 Die epische Fortsetzung von Der Aufstieg von Kyoshi Kyoshis Stellung als wahrer Avatar ist endlich gefestigt – doch der Preis ist hoch. Nun, da ihre Mentoren fort sind, bereist Kyoshi allein die Vier Nationen und kämpft darum, den Frieden zu wahren. Sie erlangt immer größere Bekanntheit. Doch dann zeigt sich eine mysteriöse Bedrohung aus der Geisterwelt. Um zu verhindern, dass die Vier Nationen vernichtet werden, müssen Kyoshi, Rangi und ihre widerwilligen Verbündeten ihre Kräfte vereinen. Diese packende Fortsetzung berichtet weiter vom Weg des mittellosen Mädchens Kyoshi zu der unerbittlichen Streiterin für Gerechtigkeit, die noch Jahrhunderte nachdem sie Avatar wurde, gefürchtet und bewundert werden wird.

THE ORIGINALS - In Dunkelheit geboren Oct 31 2019 New Orleans 1722: Die Vampir-Geschwister Klaus, Elijah und Rebekah hoffen, hier eine neue Heimat zu finden. Doch die hier herrschenden Werwölfe und Hexen sind nicht bereit, ausgerechnet Vampirern Platz zu machen. Dank Elijahs Verhandlungsgeschick haben die Geschwister jedoch schon bald die Sympathien der Stadt auf ihrer Seite – bis eine gefährliche Leidenschaft alles zu zerstören droht ...

Dark Rise May 07 2020 "Der strahlende Stern hält stand, selbst während sich die Dunkelheit erhebt." Die alte Magie ist in Vergessenheit geraten. Lediglich der Orden der Stewards hält seinen Schwur, die Menschheit vor der Rückkehr des Dunklen Königs zu schützen - die unmittelbar bevorsteht. All dies erfährt Will von den Kämpfern des Lichts, als sie ihn vor den Mördern seiner Mutter retten. Und seine Welt wird noch mehr auf den Kopf gestellt, als die Stewards ihm offenbaren, dass er der Auserwählte im Kampf gegen die Dunklen Mächte sein soll. Während Will versucht, sich in kürzester Zeit auf diese Rolle vorzubereiten, trifft er auf James St. Clair, den General des Dunklen Königs - und somit Wills Gegenspieler. Doch von Anfang an spürt Will, dass ihre Schicksale durch ein unsichtbares Band miteinander verbunden sind und dass ihr Aufeinandertreffen immer vorherbestimmt war ... "Eine fesselnde Fantasy-Geschichte, die dem Hype um sie mehr als gerecht wird." POPSUGAR Erster Band der DARK-RISE-Trilogie

Rise and Fall Jul 29 2019 »Du weißt doch, dass deine Geschichte noch nicht zu Ende geschrieben ist. Und ich werde alles dafür geben, dass es ein Happy End gibt. Ich gebe mich nicht mit einem mittelklassigen oder traurigen Ende für dich zufrieden. Hast du verstanden?« Nach einem One-Night-Stand mit ihrem besten Freund Carter flieht Skylar überstürzt aus der Wohnung. Auf dem Heimweg hat sie einen Unfall, der ihr Leben für immer verändert. Sie wird nie wieder gehen können und sitzt von nun an im Rollstuhl. Carter verlässt am Morgen nach ihrer gemeinsamen Nacht für ein halbes Jahr das Land, um als Musikjournalist mit einer Band durch Europa zu touren. Sky möchte nicht, dass er für sie seinen Traum aufgibt, und so verheimlicht sie ihm den Unfall. Und ihre Gefühle, die weit über eine Freundschaft hinausreichen. Als Carter ein halbes Jahr später zurückkehrt und erfährt, was Sky zugestoßen ist, ist er tief verletzt, dass sie ihm die Wahrheit verschwiegen hat. Können sie wieder zueinander finden, bevor sie sich ganz verlieren? »Die Geschichte von Sky und Carter hat mich zutiefst berührt und wird mich so schnell nicht wieder loslassen.« thebookelle

The Rise and Fall of Modern MedicineSep 22 2021 The Rise and Fall of Modern Medicine presents a comprehensive and searching reappraisal of the science, philosophy and politics of modern medicine.

The Rise and Fall of the House of MediciFeb 02 2020 It was a dynasty with more wealth, passion, and power than the houses of Windsor, Kennedy, and Rockefeller combined. It shaped all of Europe and controlled politics, scientists, artists, and even popes, for three hundred years. It was the house of Medici, patrons of Botticelli, Michelangelo and Galileo, benefactors who turned Florence into a global power center, and then lost it all. The House of Medici picks up where Barbara Tuchman's Hibbert delves into the lives of the Medici family, whose legacy of increasing self-indulgence and sexual dalliance eventually led to its self-destruction. With twenty-four pages of black-and-white illustrations, this timeless saga is one of Quill's strongest-selling paperbacks.

The Reckoning Nov 12 2020 An award-winning historian presents a wide-ranging history of accounting, discussing how basic auditing and double-entry bookkeeping have shaped kingdoms and empires as well as how misuse of this system caused the 1929 Crash and the 2008 financial crisis. 30,000 first printing.

The Rise and Rise of Human Rights Jan 27 2022 Contents.

The Rise and Fall...and Rise Again Jun 19 2021 In 1991, Gerald Ratner made a landmark speech to the Institute of Directors After over 25 years in the jewellery trade, Gerald Ratner was one of the most well-known and successful retailers of his generation. He had built up a highly profitable, multi-million pound international business, including household names like Ratners, H Samuel, Ernest Jones, Watches of Switzerland, as well as over one thousand stores in the US. Being asked to give the keynote address at the Institute of Directors' annual conference at The Royal Albert Hall was a great honour and should have been the crowning glory on two decades of empire building. Gerald's speech was seized upon by the media after he included jokes about the quality of some of the shops' products. But the far-reaching impact that these jokes would have no one could have predicted. "Even though I had once had my name above hundreds of shops up and down the country, it had become more famous as a byword for crap. It took several years to realise just what an impact the speech had had on every aspect of my life." Press coverage of hardback version: "... a rollicking good read" —Michael Skapinker, The FT "Most business autobiographies are so overlaid with ghost-writerly blandness that the character of the subject is lost. Mr Ratner had help with this one, but fortunately he is still there: obsessive, funny and a bit of a scoundrel - the last mitigated by how well he knows it." —The FT "self-effacing, revealing and human" —Luke Johnson, FT Business Life "A few ill-chosen words to a well-heeled audience 16 years ago reduced Britain's biggest jeweller to poverty. Now he reveals how he bounced back" —Jewish Chronicle "...contains lessons for us all" —Management Today "...worth its weight in gold" —The Independent Amazon reviews "Everyone knows the story of Gerald's rise and fall - what an amazing story and well worth reading... I couldn't put it down, totally gripping and inspiring stuff, you really couldn't see this coming from such an energetic, passionate man" "I have read many bio's from business leaders and most are boring 'how to get rich' or 'let me tell you a long list of not very interesting stories with all the good bits missed out'. Gerald's book is very different it is a great read, I could not put it down" "Sobering and enlightening at the same time. A great read and a morality tale of our time."

The Rise and Fall of OPEC in the Twentieth CenturyAug 29 2019 The most comprehensive history of the Organization of the Petroleum Exporting Countries (OPEC) and of its members, this study takes the reader from the formation of the first petrostate in the world, Venezuela, in the late 1920s, to the global ascent of petrostates and OPEC during the 1970s, to their crisis in the late-1980s and early- 1990s.

The Rise and Fall of the Third Reich Jul 21 2021 National Book Award Winner: The definitive account of Nazi Germany and "one of the most important works of history of our time" (The New York Times). When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer's sweeping account of the Third Reich uses these unique sources, combined with his experience living in Germany as an international correspondent throughout the war. The Rise and Fall of the Third Reich earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, The Rise and Fall of the Third Reich is a chilling and illuminating portrait of mankind's darkest hours. "A monumental work." —Theodore H. White

The Rise of the Alt-RightSep 10 2020 What is the Alt-Right, and how will it affect America? Donald Trump's election as president in 2016 suddenly brought to prominence a political movement that few in political circles or the mainstream media had paid much attention to: the so-called Alt-Right. Steven Bannon, Trump's campaign manager, was a leading figure in the movement, and the election results seemed to give it a real opportunity to gain some political power. But what is the Alt-Right? Is it a movement, a theory, a trend, or just an unorganized group of people far outside of what used to be the political mainstream in America? Or, could it be all of these things? Why has it suddenly emerged into prominence? What impact is it having on American politics today, and what are the prospects for the Alt-Right in the future? Through careful research and analysis, The Rise of the Alt-Right addresses these and other questions, tracing the movement's history from the founding of modern conservatism in postwar America to the current Trump era. Although the Alt-Right might seem to be just the latest extremist group to arise in the United States—one likely to take its place in the graveyard of its many predecessors—Thomas J. Main analyzes evidence that the Alt-Right is having a greater influence on the American political mainstream than did past extremist tendencies. The Rise of the Alt-Right is thus an important study for anyone interested in the future of American politics and public life.

The Rise of the Image, the Fall of the WordJul 09 2020 Drawing examples from the history of photography, film, television, and the computer, a professor of journalism and mass communication explores how the visual technology of the future may increase, rather than lessen, the sophistication of human thought. UP.
