Sport Law Sep 10 2020 Sport Law: A Managerial Approach, third edition, merges law and sport management in a way that is accessible and straightforward. Its organization continues to revolve around management functions rather than legal theory. Concise explanations, coupled with relevant industry examples and cases, give readers just enough legal doctrine to understand the important concepts that apply to each area. This book will help prepare students as they get ready to assume a broad range of responsibilities in sport, education, or recreation. Whether readers work as coaches or teachers; administer professional programs; manage fitness/health clubs; or assume roles in a high school, college, Olympic, or professional sport organization, legal concerns will inevitably be woven into their managerial concerns. This book provides knowledge of the law that helps create a competitive advantage and build a more efficient and successful operation that better serves the needs of its constituents. Special Features of the Book Managerial context tables. Chapter-opening exhibits act as organizational and study tools identifying managerial contexts in relation to major legal issues, relevant law, and illustrative cases for the chapter. Case opinions, focus cases, and hypothetical cases. Legal opinions--both excerpted (case opinions) and summarized (focus cases)--illustrate relevant legal points and help readers understand the interplay between fact and legal theory. The cases include questions for discussion, and the instructor's manual provides guidance for the discussion. Hypothetical cases further highlight topics of interest and include discussion questions to facilitate understanding of the material; analysis and possible responses appear at the end of the chapter. Competitive advantage strategies. Highlighted, focused strategies based on discussions in the text help readers understand how to use the law to make sound operational decisions and will assist them in working effectively with legal counsel. Discussion questions, learning activities, and case studies. Thoughtful and thought-provoking questions and activities emphasize important concepts; they help instructors teach and readers review the material. Creative case studies stimulate readers, as future sport or recreation managers, to analyze situations involving a legal issue presented in the chapter. Annotated websites. Each chapter includes a collection of web resources to help readers explore topics further. Accompanying the web addresses are brief descriptions pointing out key links and the sites' benefits. Bookmarking these sites will help readers in future research or throughout their careers.

Disease Control Priorities, Third Edition (Volume 8) Aug 29 2019 More children born today will survive to adulthood than at any time in history. It is now time to emphasize health and development in middle childhood and adolescence--developmental phases that are critical to health in adulthood and the next generation. Child and Adolescent Health and Development explores the benefits that accrue from sustained and targeted interventions across the first two decades of life. The volume outlines the investment case for effective, costed, and scalable interventions for low-resource settings, emphasizing the cross-sectoral role of education. This evidence base can guide policy makers in prioritizing actions to promote survival, health, cognition, and physical growth throughout childhood and adolescence.

Politics, Theory, and Film Oct 31 2019 Lars von Trier's intense, disturbing, and sometimes funny films have led many to condemn him as misogynist or misanthropic. The same films inspire this collection's reflections on how our fears and desires regarding gender, power, race, finitude, family, and fate often thwart -- and sometimes feed -- our best democratic aspirations. The essays in this volume attend to von Trier's role as provocateur, as well as to his films' techniques, topics, and storytelling. Where others accuse von Trier of being clichéd, the editors argue that he intensifies the "clichés of our times" in ways that direct our political energies towards apprehending and repairing a shattered world. The book is certainly for von Trier lovers and haters but, at the same time, political, critical, and feminist theorists entirely unfamiliar with von Trier's films will find this volume's essays of interest. Most of the contributors tarry with von Trier to develop new readings of major thinkers and writers, including Agamben, Bataille, Beauvoir, Benjamin, Deleuze, Euripides, Freud, Kierkegaard, Rancière, Nietzsche, Winnicott, and many more. Von Trier is both central and irrelevant to much of this work. Writing from the fields of classics, literature, gender studies, philosophy, film and political theory, the authors stage an interdisciplinary

intervention in film studies.

Europäisches Waldensertum im 13. und 14. Jahrhundert Apr 29 2022 Die seit 1925 erscheinenden Arbeiten zur Kirchengeschichte bilden eine der traditionsreichsten historischen Buchreihen im deutschsprachigen Raum. Sie enthalten Forschungen zur Kirchen- und Dogmengeschichte des Christentums aller Epochen, veröffentlichen aber auch Arbeiten aus verwandten Disziplinen wie beispielsweise der Archäologie, Kunstgeschichte oder Literaturwissenschaft. Kennzeichnend für die Reihe ist der durchgängige Anspruch, historisch-methodische Präzision mit systematischen Kontextualisierungen des jeweiligen Gegenstandes zu verbinden. In jüngerer Zeit erscheinen verstärkt Arbeiten zu Themen einer Kultur- und Ideengeschichte des Christentums in einem methodisch offenen christentumsgeschichtlichen Horizont.

A decade of Australian general practice activity 2004-05 to 2013-14 Oct 04 2022 This report highlights changes in general practice activity in Australia over the most recent decade (April 2004 to March 2014) of the BEACH program, a continuous national cross-sectional study of general practice activity. Over this time 9,731 general practitioners (GPs) provided details of 973,100 GP-patient encounters. The report highlights changes that have occurred over the decade in the characteristics of GPs and the patients they see, the problems managed, and the treatments provided. Changes in prevalence of overweight and obesity, smoking status and alcohol use are also described for subsamples of more than 30,000 adult patients each year. This report is a companion to the annual report, General practice activity in Australia 2012-13.

Forms of Late Modernist Lyric Jul 29 2019 What do we mean when call something a Lyric poem? How many kinds of Lyric are there? Are there fewer now than there were in 1920 or 1820 or 1620? The purpose of Forms of Late Modernist Lyric is to show that our oldest styles of poetic articulation - the elegy, the ode, the hymn - have figured all too briefly in modern genealogies of lyric, and that they have proved especially seductive, curiously enough, to avant-garde practitioners in the Anglophone tradition. The poets in question - Jorie Graham, Frank O'Hara, Michael Haslam, J. H. Prynne, Claudia Rankine, and others - have thickened the texture of lyric practice at a time when the growing tendency in critical circles has been to dissolve points of difference within the genre itself. The broader aim of this volume is to demonstrate that experimental poets since 1945 have not always been rebarbative and anti-traditional, but rather that their recourse to familiar forms and shapes of thought should prompt us to reconsider late modernism as a crucial phase in the evolving history of lyric. CONTRIBUTORS: Ruth Abbott, Edward Allen, Gareth Farmer, Fiona Green, Drew Milne, Jeremy Noel-Tod, Sophie Read, Matthew Sperling, Esther Osorio Whewell, John Wilkinson

Tax Planning for Family and Owner-Managed Companies 2013/14 Sep 03 2022 This tax planning guide is designed to provide an invaluable source of money-saving advice for anyone who advises or runs a family or owner-managed company in the UK. The book examines a wide variety of tax planning matters from the viewpoint of the company, its working and non-working shareholders, and its employees. This fully updated new edition contains effective strategies for dealing with particular problems and opportunities for UK family and owner-managed companies, including: extracting funds * remuneration strategies * benefits and expenses * succession planning and passing on the company * selling and winding up the company * reorganizing shares and trading activities (including share buybacks) * dividend strategies * employee share schemes and pension scheme strategies. The 2013/14 edition contains the very latest tax planning strategies and demonstrates how to keep tax liabilities to a minimum. It is fully updated to the UK's latest Finance Act. Worked examples illustrate complex points throughout, and each chapter concludes with useful checklists of planning points referring to the tax position of different parties.

India Policy Forum 2013-14 Jan 27 2022 The India Policy Forum (IPF) is organized by the National Council of Applied Economic Research (NCAER) in New Delhi in partnership with the Brookings Institution, Washington, D.C. It aims to examine India's economic reforms and its economic transition using policy-relevant empirical research. The IPF comprises an annual international conference in July in New Delhi and the IPF Volume that brings together the conference papers. These papers undergo detailed revisions after the conference based on discussants' comments at the IPF and the guidance provided by the editors. The IPF is guided by distinguished international advisory and research panels. The first paper in this 2013 IPF Volume evaluates the impact of laws governing the operation of India's labour market within the organized industrial sector. The next paper analyzes India's role in the rapid development of international production networks. The third paper examines the conduct of Indian monetary policy since the onset of the global financial crisis, focusing on the persistent high rates of inflation in India. The fourth paper provides an overview of fiscal and monetary policies in the years after the financial crisis. The volume concludes with an assessment of the value of social audits, widely advocated as a tool for improving public accountability, in the MGNREGA program in Andhra Pradesh. The annual IPF Volume is globally the most cited collection of articles on India and should be useful to researchers and policy-makers in economics and political economy.

The Report: Egypt 2014 Jan 03 2020 Egypt's history has been marked by a host of dynasties, empires, regimes and governments, and it remains a leading regional power today. Since 2011 a state of transition has become a more or less permanent feature of Egypt's political scene. However, the political situation seemed to have stabilised in late 2014, particularly after Abdel Fattah El Sisi was sworn in as president. A parliamentary election is expected in the first half of 2015, under the new constitution.
