The Individual Counter-Culture Compendium 1960's and 1970's Sex, Drugs, and Rock 'n' Roll Volume 1 - The 1960s Oct 08 2020 The Compendium's use of classic and historic music and rock concert reviews serve as time stamps and reflections of the '60's era. Consciousness was raised, cultures and generations clashed, creativity was ubiquitous, the Vietnam War was protested, love was free, and Rock 'n' Roll Ruled! Archived by an L.A. eyewitness who lived the era.

The Day of the Dead Apr 01 2020 The Day of the Dead is a festival of culture and youth, a celebration of life in death. The beautiful rituals, the sugar skulls, the costumes and the festivities have grown into a massive counter culture: art, movies, cartoons and literature have been consumed by the brilliant power of the Day of the Dead, tendered here in this lively new book.

My Life, a Four Letter Word Mar 01 2020 Dolores DeLuce, a five-foot Diva in six-inch heels, takes us on a bumpy ride from her gray days in New Jersey through her escape to the tumultuous post-Stonewall days of '70's Los Angeles and gay San Francisco. When her Italian American family rejects her after the birth of her mixed-race daughter, she creates a new family with the most unlikely people under the most unusual circumstances. Her new family includes Divine, assorted bad boys on Venice Beach, and her loving gay "husbands." Along the way she meets John Waters, Edie Massey, Rip Taylor and Joan Rivers, is crowned "Miss Alternative L.A." and wins The \$1.98 Beauty Show. Through tears and glitter, Dolores survives her bitter family estrangements only to face the pain of the AIDS crisis first-hand. The Conquest of Cool Jun 03 2020 Looks at advertising during the 1960s, focusing on the relationship

between the counterculture movement and commerce.

The Survival of a Counterculture Sep 06 2020 The Survival of a Counterculture is a lively, engaging look into the ways communards, or people who live in communes, maintain, modify, use, and otherwise live with their convictions while they attempt to get through the problems of everyday life. Communal families shape their norms to the circumstances they live with, just as on a larger scale nations and major institutions also shape their ideologies to the pressures of circumstance they feel. With a new introduction by the author that brings his work up to date, this volume raises important questions regarding sociological theory.

The New Beat Generation - Rapmusic in the Tradition of the American Counter Culture Sep 26 2019 Seminar paper from the year 2010 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 2,0, University of Heidelberg (Anglistisches Seminar), course: PS II "The Post-War American Counter Culture", language: English, abstract: As soon as rap music had proven to be something more than a short lived youth phenomenon it began to be acknowledged as an American counter-culture - maybe because of the often controversial lyrics, maybe because of the socio-cultural background of the participants. This paper raises the question if American rap music can be seen as standing in the tradition of the Beat Generation, an artistic and ideological movement that is treated as the foundation of the term Counter Culture as it will be used in the further progress. The definition of this term is based on three texts: "The Culture of Spontaneity" by Daniel Belgrad, "The White Negroe" by Norman Mailer and "The Philosophy of the Beat Generation" by Jack Kerouac. These works have in common that they are all concerned with the phenomenon of the American Counter-Culture in general and with the Beat Generation in particular - be it from Kerouac's personal point of view, from a contemporary one like Mailer's, or from the scholarly perspective of Belgrad.

They each deal with different aspects of this movement and in this give a broad definition of it, including ideological as well as formal points. These individual notions are then used to construct a basis for a comparison. They are compared to respective aspects in rap music, with no special regard to decades, geographic focal points or stylistic tendencies. The rap culture is rather seen as an entity, the different artists as manifestations of its ideas. This means that the personal views and works of rap musicians are as important as their common denominator and are treated likewise. Yet there needs to be a distinction between those rap artists that create in accordance to the original ideas of Hip H

The Making of a Counter Culture Nov 01 2022 When it was published twenty-five years ago, this book captured a huge audience of Vietnam War protesters, dropouts, and rebels—and their baffled elders. Theodore Roszak found common ground between 1960s student radicals and hippie dropouts in their mutual rejection of what he calls the technocracy—the regime of corporate and technological expertise that dominates industrial society. He traces the intellectual underpinnings of the two groups in the writings of Herbert Marcuse and Norman O. Brown, Allen Ginsberg and Paul Goodman. In a new introduction, Roszak reflects on the evolution of counter culture since he coined the term in the sixties. Alan Watts wrote of *The Making of a Counter Culture* in the *San Francisco Chronicle* in 1969, "If you want to know what is happening among your intelligent and mysteriously rebellious children, this is the book. The generation gap, the student uproar, the New Left, the beats and hippies, the psychedelic movement, rock music, the revival of occultism and mysticism, the protest against our involvement in Vietnam, and the seemingly odd reluctance of the young to buy the affluent technological society—all these matters are here discussed, with sympathy and constructive criticism, by a most articulate, wise, and humane historian."

Hinduism and the 1960s Aug 30 2022 The West has drawn upon Hinduism on a wide scale, from

hatha yoga and meditation techniques, to popular culture in music and fashion, yet the contribution of Hinduism to the counter-culture of the 1960s has not been analysed in full. Hinduism and the 1960s looks at the youth culture of the 1960s and early 1970s, and the way in which it was influenced by Hinduism and Indian culture. It examines the origins of the 1960s counter-culture in the Beat movement of the 1950s, and their interest in Eastern religion, notably Zen. When the Beatles visited India to study transcendental meditation, there was a rapid expansion in interest in Hinduism. Young people were already heading east on the so-called 'Hippie Trail', looking for spiritual enlightenment and an escape from the material lifestyle of the West. Paul Oliver examines the lifestyle which they adopted, from living in ashrams to experimenting with drugs, sexual liberation, ayurvedic medicine and yoga. This engaging book analyses the interaction between Hinduism and the West, and the way in which each affected the other. It demonstrates the ways in which contemporary Western society has learned from the ancient religion of Hinduism, and incorporated such teachings as yoga, meditation and a natural holistic lifestyle, into daily life. Each chapter contains a summary and further reading guidance, and a glossary is included at the end of the book, making this ideal reading for courses on Hinduism, Indian religions, and religion and popular culture.

All Power to the Imagination! Jan 11 2021 ?All Power to the Imagination! is a history of the counterculture?s immensely influential role in West German cultural and political life. Sabine von Dirke opens with an examination of nascent countercultural movements in West Germany during the 1950s. She then moves to a nuanced account of the student movement of the 1960s, describing its adaptation of the theories of Marcuse, Adorno, and Benjamin, then recounting its attack on ?bourgeois? notions of the autonomy of art and culture. She next examines the subsequent development of a radical aesthetic and the effects of left-wing terrorism on Germany?s political

climate. Later chapters focus on die tageszeitung, the ecology movement, and the rise of the Green Party. ø Von Dirke concludes by asking whether the evolution that this book traces—from Marxist-influenced critiques of culture and society to more diverse, less doctrinaire left-wing positions—represents progress or a betrayal of radical ideals. An ambitious study of the German left, this book is an important contribution to our understanding of postwar European history.

Folie a Deux - A Counter-Culture Love Story May 15 2021 Folie a Deux - A Counter-culture Love Story by David Mull

Coming to My Senses Jun 15 2021 The New York Times bestselling and critically acclaimed memoir from cultural icon and culinary standard bearer Alice Waters recalls the circuitous road and tumultuous times leading to the opening of what is arguably America's most influential restaurant. When Alice Waters opened the doors of her "little French restaurant" in Berkeley, California in 1971 at the age of 27, no one ever anticipated the indelible mark it would leave on the culinary landscape—Alice least of all. Fueled in equal parts by naiveté and a relentless pursuit of beauty and pure flavor, she turned her passion project into an iconic institution that redefined American cuisine for generations of chefs and food lovers. In *Coming to My Senses* Alice retraces the events that led her to 1517 Shattuck Avenue and the tumultuous times that emboldened her to find her own voice as a cook when the prevailing food culture was embracing convenience and uniformity. Moving from a repressive suburban upbringing to Berkeley in 1964 at the height of the Free Speech Movement and campus unrest, she was drawn into a bohemian circle of charismatic figures whose views on design, politics, film, and food would ultimately inform the unique culture on which *Chez Panisse* was founded. Dotted with stories, recipes, photographs, and letters, *Coming to My Senses* is at once deeply personal and modestly understated, a quietly revealing look at one woman's evolution from a rebellious yet

impressible follower to a respected activist who effects social and political change on a global level through the common bond of food.

In The Seventies Sep 18 2021 Beginning with the Weathermen explosion in Greenwich Village and ending with punk, the seventies was the age of extremes; sex, drugs and, of course, rock 'n' roll. With an extraordinary cast of characters, and even more extraordinary anecdotes, *In The Seventies* tells, firsthand, the story - and stories - of the decade. From Allen Ginsberg's hippie commune in upstate New York to the time Miles spent cataloguing William Burroughs' archives in London, from David Bowie in drag to Grace Jones naked at Studio 54, it's all here. Vivid, compelling, intimate and, sometimes, insane, Barry Miles reveals the truth behind this legendary era.

Music of the Counterculture Era Jan 29 2020 Presents a history of popular music during the 1960s and 1970s and weighs its influence on the art, politics, and culture of the era.

Hi-Fructose Collected Edition Volume 1 Dec 30 2019 Hi-Fructose Collected Edition Volume 1 is now in paperback! A deluxe softcover reprint of a "best-of-Hi-Fructose" selection from the first four hard-to-find volumes of Hi-Fructose in one beautiful 250-page collection, with a high quality sewn binding. Hi-Fructose Collected Edition Volume 1 features artists Kurt Halsey, Greg "Craola" Simkins, Invader, Gary Taxali, Chris Ware, Ron English, Ragnar, Mark Ryden, Joe Ledbetter, Friends With You, Wilfrid Wood, Jim Woodring, Alex Pardee, Seen, Tim Biskup, Leslie Reppeteaux, Brian McCarty, Attaboy, Fawn Gehweiler, Saur Kids. Chris Uphues, Michael Salter, Gary Baseman, Jeff Soto, Scott Musgrove, Junko Mizuno, Kaiju Big Battel, Dave Cooper, Chris Uphues, PShaw!, Jenny Bird, Ray Caesar, Cat Chow, Longo Land, and many more. Cover art by Ray Caesar. Hi-Fructose began as a quarterly print art magazine, founded by artists, Attaboy and Annie Owens in 2005. Hi-Fructose focuses squarely on the art which transcends genre and trend, assuring readers thorough coverage and

content that is informative and original. Hi-Fructose showcases an amalgamation of new contemporary, emerging as well distinguished artists, with a spotlight on awe inspiring spectacles from round the world. Hi-Fructose goes beyond the comfort zone of the "alternative" norm to deliver a diverse cross section of the most influential, genre bending art of our time as well as breaking new and amazing talents.

The Rebel Sell Mar 13 2021 An explosive rejection of the myth of the counterculture in the most provocative book since No Logo. In this wide-ranging and perceptive work of cultural criticism, Joseph Heath and Andrew Potter shatter the central myth of radical political, economic and cultural thinking. The idea of a counterculture ? that is, a world outside of the consumer dominated one that encompasses us ? pervades everything from the anti-globalisation movement to feminism and environmentalism. And the idea that mocking the system, or trying to ?jam? it so it will collapse, they argue, is not only counterproductive but has helped to create the very consumer society that radicals oppose. In a lively blend of pop culture, history and philosophical analysis, Heath and Potter offer a startlingly clear picture of what a concern for social justice might look like without the confusion of the counterculture obsession with being different.

Counter Culture Apr 25 2022 Compassionate call to counter culture in a world of poverty, same-sex marriage, racism, sex slavery, immigration, persecution, abortion, orphans, pornography.

Counterculture Through the Ages Sep 30 2022 As long as there has been culture, there has been counterculture. At times it moves deep below the surface of things, a stealth mode of being all but invisible to the dominant paradigm; at other times it's in plain sight, challenging the status quo; and at still other times it erupts in a fiery burst of creative—or destructive—energy to change the world forever. But until now the countercultural phenomenon has been one of history's great blind spots. Individual

countercultures have been explored, but never before has a book set out to demonstrate the recurring nature of counterculturalism across all times and societies, and to illustrate its dynamic role in the continuous evolution of human values and cultures. Countercultural pundit and cyberguru R. U. Sirius brilliantly sets the record straight in this colorful, anecdotal, and wide-ranging study based on ideas developed by the late Timothy Leary with Dan Joy. With a distinctive mix of scholarly erudition and gonzo passion, Sirius and Joy identify the distinguishing characteristics of countercultures, delving into history and myth to establish beyond doubt that, for all their surface differences, countercultures share important underlying principles: individualism, anti-authoritarianism, and a belief in the possibility of personal and social transformation. Ranging from the Socratic counterculture of ancient Athens and the outsider movements of Judaism, which left indelible marks on Western culture, to the Taoist, Sufi, and Zen Buddhist countercultures, which were equally influential in the East, to the famous countercultural moments of the last century—Paris in the twenties, Haight-Ashbury in the sixties, Tropicalismo, women’s liberation, punk rock—to the cutting-edge countercultures of the twenty-first century, which combine science, art, music, technology, politics, and religion in astonishing (and sometimes disturbing) new ways, *Counterculture Through the Ages* is an indispensable guidebook to where we’ve been . . . and where we’re going.

From Counterculture to Cyberculture Aug 25 2019 In the early 1960s, computers haunted the American popular imagination. Bleak tools of the cold war, they embodied the rigid organization and mechanical conformity that made the military-industrial complex possible. But by the 1990s—and the dawn of the Internet—computers started to represent a very different kind of world: a collaborative and digital utopia modeled on the communal ideals of the hippies who so vehemently rebelled against the cold war establishment in the first place. *From Counterculture to Cyberculture* is the first book to

explore this extraordinary and ironic transformation. Fred Turner here traces the previously untold story of a highly influential group of San Francisco Bay–area entrepreneurs: Stewart Brand and the Whole Earth network. Between 1968 and 1998, via such familiar venues as the National Book Award–winning Whole Earth Catalog, the computer conferencing system known as WELL, and, ultimately, the launch of the wildly successful Wired magazine, Brand and his colleagues brokered a long-running collaboration between San Francisco flower power and the emerging technological hub of Silicon Valley. Thanks to their vision, counterculturalists and technologists alike joined together to reimagine computers as tools for personal liberation, the building of virtual and decidedly alternative communities, and the exploration of bold new social frontiers. Shedding new light on how our networked culture came to be, this fascinating book reminds us that the distance between the Grateful Dead and Google, between Ken Kesey and the computer itself, is not as great as we might think.

Appetite for Change Feb 21 2022 In this engaging inquiry, Warren J. Belasco considers the rise of the countercuisine movement in the 1960s.

Archive That, Comrade! Aug 06 2020 After a brief introduction that sets the contemporary scene of "archive fever," this book considers the political legacy of 1960s counterculture for what it reveals about the process of commemoration. How far can the archive serve as a platform for dialogue and debate between different generations of activists in a culture that fetishizes the evanescent present, practices a profound amnesia about its counterfactual past, and forecloses the sociological imagination of an alternative future? Can the Left establish its own autonomous model of commemoration?

A Compassionate Call to Counter Culture in a World of Persecution Feb 09 2021 Are you ready to take a stand against persecution and counter culture? In this companion piece to his bestselling book Counter Culture, David Platt offers sound Biblical support and practical action steps to help Christians

take a courageous and compassionate stand against persecution. Drawing heavily on personal stories and Scripture, Platt encourages Christians to get involved and highlights a wide variety of ministries and organizations currently countering persecution that need your help. The stage is set for the God of the universe to do the unthinkable, the unimaginable, the shocking, and the scandalous. And He wants you to be a part of it. It's time to take a stand for Christ, join the fight against persecution, and counter culture!

Imagine Nation Dec 10 2020 Prés. de l'éd.: Amidst the recent flourishing of Sixties scholarship, *Imagine Nation* is the first collection to focus solely on the counterculture. Its fourteen provocative essays seek to unearth the complexity and rediscover the society-changing power of significant movements and figures.

All Dressed Up Mar 25 2022 Green's history of the 60's underground *Days in the Life*, has been until now the most complete account of the decade. In *All Dressed Up* he expands on that book to provide an overview of the cultural and political events of the decade.

The Counterculture Reader Nov 20 2021 Part of the “Longman Topics” reader series, *The Counterculture Reader* provides a fascinating look at American culture in the 60's . This brief collection of readings presents an engaging and informed overview of the counterculture movement, challenging students to understand “what happened and why.” Brief apparatus helps students read and write more thoughtfully about the idea of counterculture and think critically about its effects on contemporary culture. “Longman Topics” are brief, attractive readers on a single complex, but compelling, topic. Featuring about 30 full-length selections, these volumes are generally half the size and half the cost of standard composition readers.

Hundert Jahre Freiheit ohne Gleichberechtigung Aug 18 2021

Counter Culture - Bible Study Book Oct 20 2021 See how the gospel compels followers of Christ to counter culture on a wide variety of social issues in the world around them.

Counter-cultures in Germany and Central Europe Jul 17 2021 An investigation of the roots and development of counterculture in Germany and Central Europe, this collection of essays is based upon an international symposium. The contributors also investigate other alternative political movements including the infamous Red Army Faction and its literary affiliations.

Confessions of a Raving, Unconfined Nut Jun 23 2019 The memoirs of the counterculture icon who founded the Realist, a forum for such 1960s personalities as Norman Mailer, Lenny Bruce, and Richard Albert

Clerks May 03 2020 This study of Kevin Smith's debut film breaks new ground by exploring how Clerks sits at the intersection of political and cultural trends relevant to alternative youth cultures in the early 1990s. Clerks (1994) was born of and appeals to a specific youth subculture, with the multimedia 'View Askewniverse' developing out of the film's initial release. Drawing on existing texts and movements such as Richard Linklater's Slacker (1991), Douglas Coupland's novel Generation X: Tales for an Accelerated Culture and alternative rock subcultures that had developed during and since the 1980s, the film presents a comedic take on working as a young person in 1990s America in a manner that was praised for its authenticity. Filmed on a miniscule budget, the roughness of the film's aesthetic, combined with a hard rock soundtrack comprised of mostly independent bands, convinced many that it could speak for young Americans, much more than polished, corporate Hollywood productions. The book situates the film within this wider cultural movement and cultural zeitgeist and explores the role of working-class youth and employment in the years following Reaganomics and its consequences, as well as providing insight into the film's presentation of consumption and of its

representation of masculinity and sexuality. Clear, concise and comprehensive, the book is ideal for students, scholars and those with an interest in youth cinema, American independent film, Cult Film, Subcultures and Counterculture, as well as both Film and American Studies more broadly.

Countering the Counterculture Dec 22 2021 Rebellious against bourgeois vacuity and taking their countercultural critique on the road, the Beat writers and artists have long symbolized a spirit of freedom and radical democracy. Manuel Martinez offers an eye-opening challenge to this characterization of the Beats, juxtaposing them against Chicano nationalists like Raul Salinas, Jose Montoya, Luis Valdez, and Oscar Acosta and Mexican migrant writers in the United States, like Tomas Rivera and Ernesto Galarza. In an innovative rereading of American radical politics and culture of the 1950s and 1960s, Martinez uncovers reactionary, neoromantic, and sometimes racist strains in the Beats' vision of freedom, and he brings to the fore the complex stances of Latinos on participant democracy and progressive culture. He analyzes the ways that Beats, Chicanos, and migrant writers conceived of and articulated social and political perspectives. He contends that both the Beats' extreme individualism and the Chicano nationalists' narrow vision of citizenship are betrayals of the democratic ideal, but that the migrant writers presented a distinctly radical and inclusive vision of democracy that was truly countercultural.

The Making of a Counter-culture Icon Jan 23 2022 At first glance, the works of Fedor Dostoevsky (1821-1881) do not appear to have much in common with those of the controversial American writer Henry Miller (1891-1980). However, the influencer of Dostoevsky on Miller was, in fact, enormous and shaped the latter's view of the world, of literature, and of his own writing. *The Making of a Counter-Culture Icon* examines the obsession that Miller and his contemporaries, the so-called Villa Seurat circle, had with Dostoevsky, and the impact that this obsession had on their own work.

Renowned for his psychological treatment of characters, Dostoevsky became a model for Miller, Lawrence Durrell, and Anais Nin, interested as they were in developing a new kind of writing that would move beyond staid literary conventions. Maria Bloshteyn argues that, as Dostoevsky was concerned with representing the individual's perception of the self and the world, he became an archetype for Miller and the other members of the Villa Seurat circle, writers who were interested in precise psychological characterizations as well as intriguing narratives. Tracing the cross-cultural appropriation and (mis)interpretation of Dostoevsky's methods and philosophies by Miller, Durrell, and Nin, *The Making of a Counter-Culture Icon* gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's influence on twentieth-century literature.

The Beat Generation and Counterculture Jul 25 2019 *The Beat Generation and Counterculture* examines three authors associated with the «Beat Generation» - Paul Bowles, William S. Burroughs, and Jack Kerouac - and the relevance of their attempt to travel, learn, and write about exotic non-Western cultures and repressed minority cultures in the United States, projecting the influence of history, premodern religious practices, and postcolonial social and intellectual problems into the written development of countercultural ethos and praxis. *The Beat Generation and Counterculture* underscores T. S. Eliot's emphasis on «earning tradition - that is, in order for the corrupt, decultured, and unimaginative West that had been ruined by World War II to survive, it would have to internalize and project the value of distant cultures that had been misunderstood and racialized for centuries. This book also addresses the frequent criticism that these authors were «orientalist», white writers who freely translated non-Western culture without giving any credit to its creators.

Huerfano Nov 28 2019 A "splendid book that beautifully captures the spirit of [commune life] . . ." (Nick Bromell, author of "Tomorrow Never Knows"), Price's memoir is at once comic, poignant, and

honest, recapturing the sense of affirmation and experimentation that fueled the counterculture without lapsing into sentimentality or cynicism. 40 illustrations.

The Survival of a Counterculture Jun 27 2022

Psychedelische Plakate in der Counter Culture der USA Nov 08 2020

Counter Cultural Living Apr 13 2021 "An overview of Jesus' teachings on life's most pressing topics."--Back cover.

Youthquake Oct 27 2019

Selling Yoga Jul 05 2020 Premodern and early modern yoga comprise techniques with a wide range of aims, from turning inward in quest of the true self, to turning outward for divine union, to channeling bodily energy in pursuit of sexual pleasure. Early modern yoga also encompassed countercultural beliefs and practices. In contrast, today, modern yoga aims at the enhancement of the mind-body complex but does so according to contemporary dominant metaphysical, health, and fitness paradigms. Consequently, yoga is now a part of popular culture. In *Selling Yoga*, Andrea R. Jain explores the popularization of yoga in the context of late-twentieth-century consumer culture. She departs from conventional approaches by undermining essentialist definitions of yoga as well as assumptions that yoga underwent a linear trajectory of increasing popularization. While some studies trivialize popularized yoga systems by reducing them to the mere commodification or corruption of what is perceived as an otherwise fixed, authentic system, Jain suggests that this dichotomy oversimplifies the history of yoga as well as its meanings for contemporary practitioners. By discussing a wide array of modern yoga types, from Iyengar Yoga to Bikram Yoga, Jain argues that popularized yoga cannot be dismissed--that it has a variety of religious meanings and functions. Yoga brands destabilize the basic utility of yoga commodities and assign to them new meanings that represent the fulfillment of self-

developmental needs often deemed sacred in contemporary consumer culture.

The Culture of Counter-culture May 27 2022 A collection of lectures presented during the 1960s explores the roots of the American counter-cultural movement.

Assembling a Black Counter Culture Jul 29 2022 In this critical history, DeForrest Brown, Jr "makes techno Black again" by tracing the music's origins in Detroit and beyond In *Assembling a Black Counter Culture*, writer and musician DeForrest Brown, Jr, provides a history and critical analysis of techno and adjacent electronic music such as house and electro, showing how the genre has been shaped over time by a Black American musical sensibility. Brown revisits Detroit's 1980s techno scene to highlight pioneering groups like the Belleville Three before jumping into the origins of today's international club floor to draw important connections between industrialized labor systems and cultural production. Among the other musicians discussed are Underground Resistance (Mad Mike Banks, Cornelius Harris), Drexciya, Juan Atkins (Cybotron, Model 500), Derrick May, Jeff Mills, Robert Hood, Detroit Escalator Co. (Neil Olliviera), DJ Stingray/Urban Tribe, Eddie Fowlkies, Terrence Dixon (Population One) and Carl Craig. With references to Theodore Roszak's *Making of a Counter Culture*, writings by African American autoworker and political activist James Boggs, and the "techno rebels" of Alvin Toffler's *Third Wave*, Brown approaches techno's unique history from a Black theoretical perspective in an effort to evade and subvert the racist and classist status quo in the mainstream musical-historical record. The result is a compelling case to "make techno Black again." DeForrest Brown, Jr is a New York-based theorist, journalist and curator. He produces digital audio and extended media as Speaker Music and is a representative of the Make Techno Black Again campaign.
