Letteratura italiana, aggiornamento bibliografico Nov 12 2020

La Rassegna della letteratura italiana May 19 2021

Il Decameroncino Nov 05 2022 Il Decameroncino fu edito a Catania, da Giannotta, nel 1901. Modello è, ovviamente, l'opera maggiore del Boccaccio, della quale il libro ripete anche l'articolazione interna con la suddivisione in 10 giornate ed una conclusione. Il testo è ambientato nel salotto aristocratico della baronessa Lanari, dove il dottor Maggioli racconta undici novelle di argomenti vari, rivolgendosi ad interlocutori diversi per visioni ideologiche e religiose e spaziando dai fenomeni spiritici al progresso tecnologico.

Encyclopedia of Italian Literary Studies Dec 14 2020 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

The Realism of Luigi Capuana Sep 22 2021 Ranging from science fiction, stories for children and poetry to drama, narrative, criticism, and 'non-fiction' works on such subjects as spiritualism and Sicilian customs, Capuana's volumes betray different levels and kinds of commitment, some being produced to meet urgent financial needs, others, like the parodies on the bard of Catania, Mario Rapisardi, starting life as exercises in literary humour, still others being written for polemical or at any rate extra-literary reasons, and yet shedding light on the letterato. Without ignoring these secondary areas, this study sets out to examine the central issue of Capuana's realism as critic and narrator, and to account for its moments of apparent inconsistency, its limitations and strengths in the course of a long career which until recently has tended to be treated in piecemeal fashion. In so doing it proceeds chronologically, relating Capuana's aims and achievements to the changing cultural context which conditioned them, and relying extensively on articles which have remained buried in the newspapers and journals of both Sicily and the Italian mainland to explore uninvestigated aspects of his critical meditation or to illuminate the areas of obscurity in his development as both critic and

narrator. A close analysis of narrative texts has been a main instrument of enquiry in this work: though it aims primarily at an evaluation of Capuana, it also hopes to contribute to the understanding of the period in which he lived.

Luigi Capuana: Experimental Fiction and Cultural Mediation in Post-Risorgimento

Italy Dec 26 2021 Luigi Capuana: Experimental Fiction and Cultural Mediation in Post-Risorgimento Italy. The studies in this collection revisit established critical positions which confine Luigi Capuana's work within the orbits of Naturalism and Positivism. A variety of theoretical readings in the volume investigate how the author's experimentalism and eclectic interests respond to positivist ideology, the limitations of scientific practices, and the conflicts and anxieties of the fin de siècle which arise from a change in intellectual attitudes towards new ways of interpreting reality. The volume's three sections focus on cultural mediation and the construction of socio-literary identities, gender representation and metaliterature, and on the author's experimentation with the natural, supernatural and fantastic. Each section illustrates how the search for the new and experimentalism constitute driving forces in the author's artistic investigation and production, making his work an important source for

a new reading of the fin de siècle's epistemological revision.

Von 1730 bis 1990 Jul 01 2022 Eine »Bibliographie der deutschen Übersetzungen aus dem Italienischen« ist schon lange ein Desiderat für die Fächer Germanistik, Romanistik, Komparatistik, Kultur- und andere Fachwissenschaften. Die große Divergenz zwischen der Masse veröffentlichter und der geringen Zahl der in den Kanon aufgenommenen Literatur macht es sehr schwer, sich über die Fülle der im Druck erschienenen Übersetzungen einen Überblick zu verschaffen. Die Zeit bis 1730 hat der bereits im Jahre 1992 veröffentlichte Teilband 1 der »Bibliographie« erfaßt. Hier wird nun die Fortsetzung dieser Bibliographie bis in die 90er Jahre des 20. Jahrhunderts vorgelegt. Um eine sichere Information zu gewährleisten, wurden alle über den Leihverkehr zugänglichen Veröffentlichungen durch Autopsie überprüft. Dem Abschlußband dieser »Bibliographie« wird eine CD-ROM, die beide Teilbände umfaßt, beigegeben. (Nur Einzelplatzversion für Windows - ab '95.)
