Orphan Justice Jul 25 2019 Christians are clearly called to care for orphans, a group so close to the heart of Jesus. In reality, most of the 153 million orphaned and vulnerable children in the world do not need to be adopted, and not everyone needs to become an adoptive parent. However, there are other very important ways to help beyond adoption. Indeed, caring for orphaned and vulnerable children requires us to care about related issues from child trafficking and HIV/AIDS to racism and poverty. Too often, we only discuss or theologize the issues, relegating the responsibility to governments. No one can do everything, but everyone can do something. Based on his own personal journey toward pure religion, Johnny Carr moves readers from talking about global orphan care to actually doing something about it in Orphan Justice. Combining biblical truth with the latest research, this inspiring book:

- investigates the orphan care and adoption movement in the U.S. today
- examines new data on the needs of orphaned and vulnerable children
- connects “liberal issues” together as critical aspects of orphan care
- discovers the role of the church worldwide in meeting these needs
- develops a tangible, sustainable action plan using worldwide partnerships
- fleshes out the why, what, and how of global orphan care
- offers practical steps to getting involved and making a difference

Author Cathy Domoney and illustrator Karen Davis provide the words and the visuals for something that all young children experience - positive and negative thoughts and emotions. Books such as 'The Magic Is Inside You,' provide children with the words to express themselves and they shine a mirror on situations or emotions that they may be experiencing. Everyone wants to see their life reflected in literature - to know they are not alone, to know that someone else understands." Megan Daly @ childrensbooksdaily.com

Zu: Mavis E. Hetherington: "Positive" Scheidungsfolgen für Kinder Oct 08 2020 Studienarbeit aus dem Jahr 2006 im Fachbereich Soziologie - Familie, Frauen, Männer, Sexualität, Geschlechter, Note: 1,7, Johannes Gutenberg-Universität Mainz (Institut für Soziologie), Veranstaltung: Elternschaft heute, 8 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Jährlich sind annähernd 200.000 Kinder in Deutschland von einer elterlichen Scheidung betroffen, Tendenz steigend. 1,3 Millionen Kinder leben mit nur einem Elternteil zusammen. 8 Prozent aller Familien sind Stieffamilien. In den USA sind es vergleichsweise jährlich eine Million Kinder, die von der Scheidung ihrer Eltern betroffen sind. Das erklärt, warum die amerikanische Forschung sich früh und intensiv mit den Folgen der Trennung zu beschäftigen begann. Anfangs war man der gängigen Meinung, daß eine Scheidung der Eltern den Kindern zahlreiche Probleme bringt. Nach dreissig Jahren und zahlreichen Studien ist die Ausgangslage zwar dieselbe geblieben, aber es gibt heute eine neue Botschaft: Scheidung, so lautet sie, wird von einer grossen Mehrheit von Kindern und Jugendlichen erstaunlich gut verkraftet. Die vorliegende Arbeit beschäftigt sich eben genau mit dieser neuen

Botschaft und ist eine Ausarbeitung des Referats zum Thema "Positive Scheidungsfolgen für Kinder", basierend auf einer Studie der amerikanischen Psychologieprofessorin Mavis E. Hetherington von der University of Virginia in Charlottesville. Sie befragte in einer Langzeitstudie über Scheidungsfolgen die betroffenen Kinder als Erwachsene selbst zu ihren Erfahrungen mit der Trennung der Eltern. Damit werden Kinder hier ausnahmsweise nicht mehr nur als Objekte einer Scheidung untersucht, sondern werden als Subjekte wahrgenommen. [...]

How to Raise Kids Who Aren't Assholes Sep 06 2020 How to Raise Kids Who Aren't Assholes is a clear, actionable, sometimes humorous (but always science-based) guide for parents on how to shape their kids into honest, kind, generous, confident, independent, and resilient people...who just might save the world one day. As an award-winning science journalist, Melinda Wenner Moyer was regularly asked to investigate and address all kinds of parenting questions: how to potty train, when and whether to get vaccines, and how to

help kids sleep through the night. But as Melinda's children grew, she found that one huge area was ignored in the realm of parenting advice: how do we make sure our kids don't grow up to be assholes? On social media, in the news, and from the highest levels of government, kids are increasingly getting the message that being selfish, obnoxious and cruel is okay. Hate crimes among children and teens are rising, while compassion among teens has been dropping. We know, of course, that young people have the capacity for great empathy, resilience, and action, and we all want to bring up kids who will help build a better tomorrow. But how do we actually do this? How do we raise children who are kind, considerate, and ethical inside and outside the home, who will grow into adults committed to making the world a better place? How to Raise Kids Who Aren't Assholes is a deeply researched, evidence-based primer that provides a fresh, often surprising perspective on parenting issues, from toddlerhood through the teenage years. First, Melinda outlines the traits we want our children to possess--including honesty, generosity, and antiracism--and then she provides scientifically-based strategies that will help parents instill those characteristics in their kids. Learn how to raise the kind of kids you actually want to hang out with--and who just might save the world.
