Zombie, Illinois Mar 05 2020 “Raises the bar for zombie fiction, combining the standard blood and gore of zombie battles with shady politics to tell a story of human resilience.” —Library Journal The sequel to the bestselling *Zombie, Ohio*, this explosive supernatural thriller from Scott Kenemore tells the story of three Chicagoans who have been thrown together by a bizarre, interconnected series of events during the first twenty-four hours of a zombie outbreak in the Midwest’s largest city. A partnership is crafted between a pastor from Chicago’s rough South Side, an intrepid newspaper reporter, and a young female musician, all of whom are fighting for survival as they struggle to protect themselves and their communities in a city overrun with the walking dead. Between the barricaded neighborhoods and violent zombie hunters, the trio encounters many mysterious occurrences that leave them shaken and disturbed. When the mayor of Chicago is eaten by zombies on live television, and a group of shady aldermen attempt to seize power in the vacuum, these unlikely friends realize that they have stumbled upon a conspiracy to overthrow the city . . . and that they alone may be qualified to combine their talents to stop it. *Zombie, Illinois* will delight devoted zombie fans and put readers in mind of some of the best recent works of supernatural horror. You will be left shocked, horrified, and craving brains! This novel will grab you from the first page and not let go until the riveting finale. “What Carl Hiaasen did for the mystery genre, Scott Kenemore is doing for zombies. He’s that good.” —Joe McKinney, Bram Stoker Award-winning author “[A] wickedly satirical page-turner.” —Publishers Weekly

The Shadows in the Forest May 19 2021 An ambush by my mom to discuss catering my nonexistent wedding is not a fun way to spend a morning. She's no longer setting me up on blind dates; she's planning a wedding. Never have I been happier to get a call from work regarding a dead body found in a field. My name is Detective Ali Rivers with the Abernathy, Tennessee Police Department. It's my job to trudge through the evil actions people do and seek justice for my victim and their families. My partner, Jerry, and I see evil on a daily basis. This body in a field poses a multi-faceted problem. Not only are we dealing with the evils of murder, but the case takes an unexpectedly sadistic turn. We are forced to team up with a group of people who have rather fluid definitions of justice and what's socially acceptable. This case is highlighting how depraved and evil this world can be. Evil resides perfectly hidden in darkness. When it comes to eradicating that darkness, sometimes you need to have friends who walk in shadows.

Journey into Disaster Jun 19 2021 Sixteen days of hell — as a prisoner — in a godforsaken, hot and run-down Asian Police Station. The German engineer Thomas Heger is arrested during his vacation in the Philippines. What is he accused of and how do five little Filipino boys and their parents fit into the story? Are the accusations against the German justified? Where does the truth end and where does the fantasy begin? Who is the victim and who is the perpetrator? And who are the outrageous people who immediately start making money with Heger? What very special Filipino mentality does the German have to painfully learn and accept? Where do Western and Asian philosophies of life as well as customs and traditions collide? What is his experience with the police and what about accommodation at the police station? How do his family, friends and work colleagues in Germany react to the terrible story? What about his Filipino friends from the coastal village? What happens to the alleged child victims? Is Heger able to pull his head out of the noose? Embark on a Journey into Disaster and discover a very special Asian world.

Dark Sunrise III Vietnam Apr 05 2020 Dark Sunrise Vietnam removes readers from the easy chair and places them with two Marine Corps Divisions in Vietnam. The South Vietnamese cannot defeat the Viet Cong or North Vietnamese in combat. Before long the Marine Corps 3rd Division is sent north to the DMZ. The 1st Marine Division South to Da Nang and the Mekong Delta. The Marines have a bond between them forged in steel and tempered in blood. Search and Destroy missions, Combat sweeps and Patrols are conducted. A continuous problem is surrounding the enemy in combat and suddenly intense silence. Combat sweep of the area reveals no enemy dead, where did they go? The enemy is almost always invisible unless willing to be seen. The Ho Chi Minh trail is found with elephants carrying heavy guns or ammunition. Also thousands of old men and women moving supplies on their backs or bicycles. When the tunnels of Chu Chi are discovered, they weave through a trail of deception, Bear traps, Punji traps, snares, trip wires, tiger pits, bombs, lures, shadows and ambush. Help from the Mongtagnard Tribesmen is requested. How does this all end?

Duplicity Dec 26 2021 In Jane Haseldine’s new novel of riveting suspense, Detroit newspaper reporter Julia Gooden is up against the city’s most devious criminal—and her own painful past. Julia Gooden knows how to juggle different lives. A successful crime reporter, she covers the griciest stories in the city while raising her two young boys in the suburbs. But beneath that accomplished façade is another Julia, still consumed by a tragedy that unfolded thirty years ago when her nine-year-old brother disappeared without a trace. Julia’s marriage, too, is a balancing act, as she tries to rekindle her relationship with her husband, Assistant District Attorney David Tanner, while maintaining professional boundaries. David is about to bring Nick Rossi to trial for crimes that include drug trafficking, illegal gambling, and bribery. But the story becomes much more urgent when a courthouse bomb claims several victims—including the prosecution’s key witness—and leaves David critically injured. Though Julia is certain that Rossi orchestrated the attack, the case against him is collapsing, and his power and connections run high and wide. With the help of Detective Raymond Navarro of the Detroit PD, she starts following a trail of blackmail, payback, and political ambition, little imagining where it will lead. Julia has risked her career before, but this time innocent lives—including her children’s—hang in the balance, and justice may come too late to save what truly matters... “Haseldine has a gift for atmosphere, setting, and suspense, and the many twists and turns will keep readers guessing.” —Library Journal “Haseldine uses her experience as a crime reporter to bring authenticity to this exciting and gritty tale.” —Kirkus Reviews Praise for the first Julia Gooden Mystery THE LAST TIME SHE SAW HIM “A sharp, breathless thriller. From the opening scene to the last, The Last Time She Saw Him, kept me flipping the pages. I loved it! Jane Haseldine is one to watch!” —Lisa Jackson, #1 New York Times bestselling author “So visually written and chilling, with such real, believable characters and twists that shocked. A gripping story that I read in one night—I could not put it down...” —Debbie Howells, author of The Bones of You “Haseldine’s first novel is a solid read that fans of Debbie Howells, Julia Dahl, and Laura Lippman will appreciate.” —Library Journal “Terrific! Suspenseful, poignant, and completely surprising. Jane Haseldine’s riveting story of love, danger, paranoia, and family is powerfully and emotionally authentic—and deserves a standing ovation.” —Hank Phillippi Ryan, Agatha, Anthony, and Mary Higgins Clark award-winning author

Making Data Smarter with IBM Spectrum Discover: Practical AI Solutions Jun 07 2020 More than 80% of all data that is collected by organizations is not in a standard relational database. Instead, it is trapped in unstructured documents, social media posts, machine logs, and so on. Many organizations face significant challenges to manage this deluge of unstructured data, such as the following examples: Pinpointing and activating relevant data for large-scale analytics Lacking the fine-grained visibility that is needed to map data to business priorities Removing redundant, obsolete, and trivial (ROT) data Identifying and classifying sensitive data IBM® Spectrum Discover is a modern metadata management software that provides data insight for petabyte-scale file and Object Storage, storage on-premises, and in the cloud. This software enables organizations to make better business decisions and gain and maintain a competitive advantage. IBM Spectrum® Discover provides a rich metadata layer that enables storage administrators, data stewards, and data scientists to efficiently manage, classify, and gain insights from massive amounts of unstructured data. It improves storage economics, helps mitigate risk, and accelerates large-scale analytics to create competitive advantage and speed critical research. This IBM Redbooks® publication presents several use cases that are focused on artificial intelligence (AI) solutions with IBM Spectrum Discover. This book helps storage administrators and technical specialists plan and implement AI solutions by using IBM Spectrum Discover and several other IBM Storage products.

Voices from the Warsaw Ghetto May 31 2022 The powerful writings and art of Jews living in the Warsaw Ghetto Hidden in metal containers and buried underground during World War II, these works from the Warsaw Ghetto record the Holocaust from the perspective of its first interpreters, the victims themselves. Gathered clandestinely by an underground ghetto collective called Oyneg Shabes, the collection of reportage, diaries, prose, artwork, poems, jokes, and sermons captures the heroism, tragedy, humor, and social dynamics of the ghetto. Miraculously surviving the devastation of war, this extraordinary archive encompasses a vast range of voices--young and old, men and women, the pious and the secular, optimists and pessimists--and chronicles different perspectives on the topics of the day while also preserving rapidly endangered cultural traditions. Described by David G. Roskies as "a civilization responding to its own destruction," these texts tell the story of the Warsaw Ghetto in real time, against time, and for all time.

The Italian Way Sep 10 2020 Outside of Italy, the country’s culture and its food appear to be essentially synonymous. And indeed, as The Italian Way makes clear, preparing, cooking, and eating food play a central role in the daily activities of Italians from all walks of life. In this beautifully illustrated book, Douglas Harper and Patrizia Faccioli present a fascinating and colorful look at the Italian table. The Italian Way focuses on two dozen families in the city of Bologna, elegantly weaving together Harper’s outsider perspective with Faccioli’s intimate knowledge of the local customs. The authors interview and observe these families as they go shopping for ingredients, cook together, and argue over who has to wash the dishes. Throughout, the authors elucidate the guiding principle of the Italian table—a delicate balance between the structure of tradition and the joy of improvisation. With its bite-sized history of food in Italy, including the five-hundred-year-old story of the country’s cookbooks, and Harper’s mouth-watering photographs, The Italian Way is a rich repast—insightful, informative, and inviting.

The Economics of Business Valuation Aug 10 2020 For decades, the market, asset, and income approaches to business valuation have taken center stage in the assessment of the firm. This book brings to light an expanded valuation toolkit, consisting of nine well-defined valuation principles hailing from the fields of economics, finance, accounting, taxation, and management. It ultimately argues that the "value functional" approach to business valuation avoids most of the shortcomings of its competitors, and more correctly matches the actual motivations and information set held by stakeholders. Much of what we know about corporate finance and mathematical finance derives from a narrow subset of firms: publicly traded corporations. The value functional approach can be readily applied to both large firms and companies that do not issue publicly traded stocks and bonds, cannot borrow without constraints, and often rely upon entrepreneurs to both finance and manage their operations. With historical side notes from an international set of sources and real-world exemplars that run throughout the text, this book is a future-facing resource for scholars in economics and finance, as well as the academically minded valuation practitioner.

Advances in Italian Mechanism Science Feb 13 2021 This book presents the proceedings of the 3rd International Conference of IFToMM ITALY, held online on September 9-11, 2020.
