Except for the fact that Primo proves not even that would stop him from trying to ho them out!..."

Thompson, otherwise known as the Boogie Mann. These are the words of a true living legend right off the streets of Sacramento, California-the epicenter of the west coast pimp game. It has been determined that pimps are not made, they are born. This book stands to be the first to explain how that is so. *Genealogy of Pimp Ology* breaks down the entire pimp game step by step. It will explain how the very nature of a pimp is genetically passed down generation after generation, biologically linking modern-day pimps to past players as far back as the biblical days. This book will also point out that many political leaders along the totem pole, including some forefathers, carried this pimp gene and secretly benefited one way or another, not only from slavery, but also from prostitution and/or human trafficking while manipulating the intelligence of the people all over the world!

Ancient Supplication Sep 22 2021 This is the first book-length treatment of supplication, an important social practice in ancient Mediterranean civilizations. Despite the importance of supplication, it has received little attention, and no previous study has explored so many aspects of the practice. Naiden investigates the varied gestures made by the supplicants, the types of requests they make, the arguments used in defense of their requests, and the role of the supplicandus, who evaluates and decides whether to fulfill the requests. Varied and abundant sources invite comparison between the societies of Greece and Rome and also among literary genres. Additionally, Naiden formulates an analysis of the ritual in its legal and political contexts. In constructing this rich and thorough study, Naiden considered over 800 acts of supplication from Greek, Hebrew, and Roman literature, art, and scientific sources. 30 illustrations and a map of the relevant locations accompany the text.

Shame Nov 24 2021 This is the story of a pimp, Shame, the women he uses and abuses and how he recruited and maintained them on the street. First the street is revealed through Shame's mother, Latisa, as she works for different pimps, including a pimp/gambler who uses her to entice customers with live sex shows until they crossed organized crime. Shame has many run-ins with the law as a juvenile, but escapes detention while attending his mother's funeral. He falls in love, but is rejected when his lover finds out how old he is. As an adult, he encounters a couple of seasoned prostitutes. He convinces them to make him the kind of pimp they want. He quickly develops into a pimp like the rest of the vultures on

the street. In the course of his initiation, a gangster pimp forcibly takes one of his women. Her wife-in-law attempts to rescue her. Shame moves on, recruiting young victims and learning from other pimps the ins and outs of the street. He meets a young woman and against the unwritten rules of the street falls in love. Fighting against his feelings he cons her into believing he's in trouble to get her into prostitution. When she finds out he is a pimp, she turns on him. She is kidnapped and drugged into submission. She tries to escape, but is found dead of a drug overdose. A policewoman who grew up with the drug victim conducts her own investigation. She goes undercover as a prostitute and another of Shame's women dies in a suspicious manner. She joins forces with a D.C. vice detective and they obtain enough evidence to get Shame arrested. The very dramatic trial does not turn out the way they expected and the victims of Shame decide to get their own justice.

Games Pimps Play Jun 19 2021 This is a detailed and insightful ethnographic analysis of the underworld of adolescent female prostitution. James Hodgson combines observations of street action and interviews with prostitutes and their pimps to present a candid and shocking overview of a social problem that affects the lives of so many of society's most vulnerable citizens. Hodgson's study clearly exposes the manipulative and predatory victimisation of vulnerable teenage girls - many of them runaways from dysfunctional homes - and debunks the belief that prostitution is a victimless crime. His data also expose the opportunistic, cunning, and sometimes violent strategies of the pimp and corrects a common perception that prostitutes and pimps form symbiotic relationships.
