**The Top 10 Distinctions Between Millionaires and the Middle Class** Jan 27 2022 If you're ready to take the journey to wealth and personal fulfillment, here's your ticket. In this life-changing little book, entrepreneur and inspirational speaker Keith Cameron Smith shows you how to think like a millionaire and reap the benefits of a millionaire mindset. The key to moving beyond the middle class and up the economic ladder is mastering ten vital principles, including • Millionaires think long-term. The middle class thinks short-term. Create a clear vision of the life you desire, and focus on it. • Millionaires talk about ideas. The middle class talks about things and other people. Ask some positive "what if" questions every day, and bounce ideas off successful people who will be honest with you. • Millionaires work for profits. The middle class works for wages. Take calculated risks and learn to take advantage of good opportunities. We all want to improve our financial position. In this inspirational and practical guide filled with savvy and sensible advice, Smith upgrades you from coach to first class. So follow these principles, transform your life, and realize your dreams!

*The Millionaire Fastlane* Dec 14 2020 »Mit diesem Buch lernst du in zwei Tagen mehr als in zwei Jahren bei irgendwelchen Business-College-Kursen und es kostet dich einen Bruchteil.« »Geh zur Schule, finde einen guten Job, spare 10 Prozent deines Gehalts, kaufe ein gebrauchtes Auto, vertraue deine Ersparnisse der Börse an, und eines Tages, wenn du 67 bist, kannst du reich in Rente gehen.« Ist dieser Finanzplan der Mittelmäßigkeit wirklich ein verlässlicher Plan, um Wohlstand zu schaffen? Dabei gibt es eine Alternative, quasi die Überholspur zu außergewöhnlichem Reichtum. M. J. DeMarco zeigt, warum die meisten Menschen scheitern und welche Strategien und Geschäftsideen ihnen den Weg zu unbegrenztem Wohlstand in wenigen Jahren und nicht erst in der Rente möglich machen. Dieses Buch hilft, umzudenken, die Spur zu wechseln und herauszufinden, wie man ein Leben lang reich leben kann.

*The Influence of Affluence* Mar 17 2021 A compelling look at a new class of the affluent - the middle-class millionaires - whose attitudes and values are influencing and reshaping American life In this groundbreaking book, Russ Alan Prince and Lewis Schiff examine the far-reaching impact of the middle class millionaires-people who enjoy a net worth ranging from one million to ten million dollars and have earned rather than inherited their wealth. Comprising 8.4 million households and growing in number, the attitudes and behaviors of these working rich are exerting a powerful influence over our society. So who are these people? They believe in the benefits of hard work. They believe in investing in themselves, and in self improvement. They are more likely to focus on drawing financial gain from their work, and less inclined to be discouraged by failure. And they don't spend money on the extravagances indulged in by the very rich; instead, they wield their affluence according to middle-class values and ideals. From home security systems to health care, technology to travel, their spending choices are affecting us all - from the products we buy, to the communities in which we live, to the aspirations and values of the broader middle class and American population as a whole. In the bestselling tradition of Bobos in Paradise and The Millionaire Next Door, THE MIDDLE-CLASS MILLIONAIRE is a captivating narrative - part sociology, and part aspirational journey into the lives, attitudes, and values of the middle-class millionaires. Based on extensive surveys and research into more than 3,600 middle-class millionaire households around the country, this book will reshape our understanding of what it takes to be successful - and how all of us can achieve similar success.

**What To Focus On** Aug 22 2021 It's never been easier to become a millionaire than now. This is because of many reasons. 1) Online business. It's never been easier to create a \$1m+ per year business on the internet 2) Social media. It's never been easier to connect with and learn from other millionaires. 3) Inflation. \$1m isn't what it used to be. It's becoming less in terms of real wealth every year 4) Easy money/low interest rates. You only need \$200,000 in cash to borrow the remaining \$800,000. 1700 new millionaires are created every day in the United States. This is an unbelievable statistic and shows how easy it is to become a millionaire. If all these people are becoming millionaires, why aren't you? It's usually down to a few reasons: 1) No personal brand. No reason for people to purchase your products or services. Who are you and why should they buy from you? 2) Not enough products/services. Hoping, wishing and wanting to become a millionaire without products and services that solve people's problems. 3) Not surrounding yourself with winners/other millionaires. Millionaires create opportunities. In this book, you'll learn how I'm financially free from meeting 1 millionaire who connected me to someone else. All 3 of us are now making passive income profits from an opportunity this millionaire created for the 3 of us. 4) Not having systems for your products and services. If you're doing all the work for your products and services, you're not able to use leverage. This means using your money to buy other people's time. This gives you time freedom to learn more skills and improve your systems. This is why the rich get richer so quickly, they can use leverage to speed up their success. 5) Not investing back into their business. Non-millionaires invest in other people's companies while their business is still in the growth phase. Whatever I put into my business during the growth stage, I'm looking at massive returns. People are looking for safety instead of looking for freedom. 6) Not learning enough. Millionaires spend a lot of time learning new information to grow their businesses. 7) Focusing on the wrong things. In this book, you'll learn what to focus on to become a millionaire. You'll learn how I've become financially free at 24 years old by focusing on less than the average person. I believe that it's crucially important for you to become a millionaire as soon as possible. Why? 1) Rapid inflation. \$1m isn't what it used to be. It's becoming less and less every year. Soon you'll need to be a millionaire just to have a middle class quality of life. When I look at my middle class friends, everything's changed. They used to go on many holidays a year, now they go on 1. They used to go shopping for clothes almost every weekend, now they only go when the sales are on. They used to go out for dinner multiple nights a week, now they go during special occasions. The middle class is dying. How to protect yourself? Become a millionaire ASAP. 2) Machine learning algorithms. Machine learning (artificial intelligence) is here. Soon they'll replace a large percentage of the jobs. This will cause massive inequality and a 2 tier system of have's and have not's. The have not's will need to be given a universal basic income. Although living standards will increase, it'll become almost impossible to become rich once machine learning is fully implemented. There isn't much time left. If you're a millionaire before it happens, you can protect yourself and your family. There's something I learned from when I had no money - when you have no money, no one wants to help you, even if you can help them. 3) Market manipulation. Since 2008, the markets have been manipulated. It's caused small sections of society to become extremely wealthy. Now they've got used to this drug, they won't be able to stop. You can either get rich and capitalise on the manipulation or stay poor and get robbed blind. Learn how to become a millionaire. Read today.

**The Lazy Millionaire** Nov 24 2021 Perhaps it is what we were taught by our parents or because that is what we learned in Economics class. But what if Leonardo was right? What if you could accomplish more while doing less? The author demonstrates that anyone can become a Lazy Millionaire in the 1 to 10 million-dollar range within a 10-year period. Original.

**Millionaire Mindset** Jun 27 2019 ?? What's Stopping You From the Success that You So Desire? Is It Your Mindset or Your Skillset? Continue Reading... ?? Everyday we hear inspiring stories of how someone becomes a millionaire. We listen, daydream, and think about all the money which they have, and how good their life would be. What people usually miss out is the hardwork and the skills which they've honed to achieve their success. Some people work all their lives, they try and try again, and in the end, some don't even have a decent pension. So what makes millionaires different? What is their secret? What if I told you that the power to do so is inside you? Your first step is learning all the secrets, and that's what "Millionaire Mindset" is all about. 80% of millionaires are active workers, and only 20% are retirees. The illusion that millionaires sit under a palm tree drinking cocktails with gold, lives in most people's minds. But the truth is, being a millionaire and keeping your fortune, takes a lot of work and dedication. \*\*\*\*\* "Once Your Mindset Changes, Everything On The Outside Will Change Along With It." - Steve Maraboli \*\*\*\*\* From all millionaires, only 20% inherited their fortune. **The Millionaire Next Door** Feb 02 2020 "Why aren't I as wealthy as I should be?" Many people ask this question of themselves all the time. Often they are hard-working, well educated middle- to high-income people. Why, then, are so few affluent. For nearly two decades the answer has been found in the bestselling The Millionaire Next Door: The Surprising Secrets of America's Wealthy, reissued with a new foreword for the twenty-first century by Dr. Thomas J. Stanley. According to the authors, most people have it all wrong about how you become wealthy in America. Wealth in America is more often the result of hard work, diligent savings, and living below your means than it is about inheritance, advance degrees, and even intelligence. The Millionaire Next Door identifies seven common traits that show up again and again among those who have accumulated wealth. You will learn, for example, that millionaires bargain shop for used cars, pay a tiny fraction of their wealth in income tax, raise children who are often unaware of their family's wealth until they are adults, and, above all, reject the big-spending lifestyles most of us associate with rich people. In fact, you will learn that the flashy millionaires glamorized in the media represent only a tiny minority of America's rich. Most of the truly wealthy in this country don't live in Beverly Hills or on Park Avenue-they live next door.

**The New Psychology of Money** Sep 22 2021 The New Psychology of Money is an accessible and engrossing analysis of our psychological relationship to money in all its forms. Comprehensive and insightful, Adrian Furnham explores the role that money plays in a range of contexts, from the family to the high street, and asks whether the relationship is always a healthy one. Discussing how money influences what we think, what we say, and how we behave in a range of situations, the book places the dynamics of high finance and credit card culture in context with traditional attitudes towards wealth across a range of cultures, as well as how the concept of money has developed historically. The book is split into four sections: Understanding Money. What are our attitudes to money, and how does nationality, history and religion mediate those attitudes? Money in the Home How do we grow up with money, and what role does it play within the family? What role does gender play, and can we lose control in dealing with money? Money at Work. Are we really motivated by money at work? And what methods do retailers use to persuade us to part with our money? Money in Everyday Life. How do we balance the need to create more money for ourselves through investments with the desire to make charitable contributions, or give money to friends and family? How has the e-revolution changed our relationship to money? Radically updated from its original publication in 1998, The New Psychology of Money is a timely and fascinating book on the psychological impact of an aspect of daily life we generally take for granted. It will be of interest to all students of psychology, economics and business and management, but also anyone who takes an interest in the world around them.

**Baby Boomers and Their Parents** Mar 29 2022 Lots of marketers paint a rosy picture of the lifestyle of baby boomers as they enter the retirement years. But authors Moschis and Mathur, basing their findings on 20 years of surveys among baby boomers and their parents, tell it like it is. Many baby boomers have saved little money for retirement; their health is worse than that of their parents; and while both generations say travel is in their futures, many will not have money enough to rent a budget motel a few miles from home. But the picture is not all bleak. Moschis and Mathur use their findings to discuss how people can live longer, more satisfying lives. In addition, they apply those findings to marketing and advertising, advising businesses how to use the attitudes and mindsets of mature consumers to create products and services for them as well as to make those products and services more appealing to older customers.

*Personal Success (The Brian Tracy Success Library)* Jun 19 2021 Where do you want to be in one, three, or five years? Even small adjustments can bring about enormous results to your personal success. Where does that "winning edge" you've heard so much about come from? How do some people seem to find success simply from waking up and getting out of bed? World-renowned performance expert Brian Tracy has spent decades studying uncommonly high achievers. Instead of finding commonalities such as Ivy League educations, gold-star connections, and a dash of blind luck, Tracy discovered that the keys to their success were more often small adjustments in outlook and behavior. In this easy-to-follow guide, Tracy lays out a simple, clear plan for anyone to be able to unlock their potential and find the success they previously thought was unattainable for them. In Personal Success, you will learn to: Change your mindset to attract opportunity Banish self-limited beliefs Build your self-confidence Practice courage and taking risks Sharpen your natural intuition Continually upgrade your skills and more! Packed with simple but game-changing techniques, Personal Success is the answer you've been searching for to gain that winning edge and turn your dreams into realities.

**Hidden Secrets of Millionaires** Jul 01 2022 The Hidden Secrets of Millionaires reveals ten secrets, strategies and steps that millionaires and those who have created wealthy beyond millions use again and again to accumulate wealth and more wealthy. Most of the wealthy people in this world have used these secrets and are still using them today. This new edition, the first since 2016, includes an amazing foreword for the twenty-first century by The Secret Millionaire. This book will change the way you think about money, bad debts, jobs, careers, and owning your own business. It will inspire the reader to learn the hidden secrets of money that the rich use to create and accumulate their wealth and continue to create more. If you follow B.B Goldsmith's strategies, carefully and thoughtfully, you will definitely make it to the millionaire status. As you do this you need to focus on making more and more money. Never, ever focus on your lack of money or predict or make an assumption of any financial hardship. You need to stay positive all the time. Close your eyes and open your mind and heart to receiving. Let the motion roll down to your hands while you keep receiving, collecting and keeping what is yours. Sow it, invest it, let it grow out of proportion, then harvest your riches when they are ripe, not prematurely. Your goal should be to reach out to more customers and to retain old customers so they devote to your monthly subscription or pay you higher than your expected monthly target of profits. The more money your customers pay, the less people you will need to reach out to in order to make your million. The lesser the amount you charge, the more people you will need to buy your products or services. If your product calls for a lesser amount of money, then you need to target a wider geographic area. Targeting the whole globe like Mark Zuckerberg and Bill Gates did is nothing but a genius thought. To conquer the world financially, get almost everyone, but at least 75% of the people in the world to buy your products or services. This strategy is not about ending ways to ask for a pay raise from your boss but to raise the bar you created for yourself in sales in order to create the million dollars you desire. THE HIDDEN SECRETS OF MILLIONAIRES will further teach you to follow

steps that below to help the reader to achieve their millionaire status.

**The Education of Millionaires** Apr 05 2020 Some of the smartest, most successful people in the country didn't finish college. None of them learned their most critical skills at an institution of higher education. And like them, most of what you'll need to learn to be successful you'll have to learn on your own, outside of school. Michael Ellsberg set out to fill in the missing pieces by interviewing a wide range of millionaires and billionaires who don't have college degrees, including fashion magnate Russell Simmons and Facebook founding president Sean Parker. This book is your guide to developing practical success skills in the real world: how to find great mentors, build a world-class network, make your work meaningful (and your meaning work), build the brand of you, and more. Learning these skills is a necessary addition to any education, whether you're a high school dropout or graduate of Harvard Law School.

**Inspirational Habits of the Wealthy** May 19 2021 The overwhelming majority of self-made rich agree it is largely a person's habits that lead to wealth and outstanding success. If you want to discover their incredible habits and routines then read on. "The question I ask myself every day is, 'Am I doing the most important thing I could be doing?'" - Mark Zuckerberg. If you carry on acting exactly as you are now, where will you be in 10 years-time? Will you achieve your goals? I love this question as it forces you to look at the current trajectory of your life in relation to your ambitions and goals. For many people this can produce unexpected and unwanted answers. They find out they will not achieve the lifestyle of their dreams, they will not obtain the wealth they deserve, the health they wish for, the satisfaction they desire, and their bucket list will remain un-checked. This book is going to show you how to fix this. Discover: The single most powerful word that will save you time and increase your profitability (hint: it is not "work") The most striking differences between how high-achievers operate vs the masses (caution - many are as simple as they are effective). Effective ways to kick your bad habits and adopt positive new ones. Align your lifestyle, habits and routine with those of the super-rich. The secrets of gaining financial independence. The most effective habits common among leaders, entrepreneurs, CEOs and self-made millionaires. Why working less can actually increase your productivity and wealth. The one asset the rich deem critical and the masses woefully undervalue (hint 2: it is not money!). The world's highest achievers and uber rich operate by a different set of rules to the middle and lower class, allowing them to operate in a highly effective and productive dimension. Whether good or bad, we all have habits. The difference between successful and unsuccessful people is successful people cultivate good habits that guarantee success, whilst unsuccessful people develop poor habits that lead to failure. In the words of Jim Rohn, author and motivational speaker, "Success is a few simple disciplines, practiced every day." And that is powerful news! ANYONE, regardless of age, education or experience can make the changes in this book given a little will power... and even Homer Simpson has the will power to get up and open the fridge. And so can you! It's straight-forward. You already have within you all it takes to start making the positive changes in this book and lead a more affluent and successful life - even if you are a lazy TV lay-about. Starting in the opening chapter, we will begin to identify your poor-person habits preventing you from acquiring wealth and success and replace with expansive wealthy habits. Don't miss out! To start aligning your behaviour with the wealth-generating habits of the rich and successful, scroll up and click the Add to Cart button to get your book instantly.

**The Author Training Manual** Jul 21 2021 If you want to write a book that's going to sell to both publishers and readers, you need to know how to produce a marketable work and help it become successful. It starts the moment you have an idea. That's when you begin thinking about the first elements of the business plan that will make your project the best it can be. The reality is that you don't want to spend time and energy writing a book that will never get read. The way to avoid that is to create a business plan for your book, and evaluate it (and yourself) through the same lens that an agent or acquisitions editor would. The Author Training Manual will show you how to get more creative and start looking at your work with those high standards in mind. Whether you're writing fiction or non-fiction, or intend to publish traditionally or self-publish, author Nina Amir will teach you how to conduct an effective competitive analysis for your work and do a better job at delivering the goods to readers than similar books that are already on the shelf. Packed with step-by-step instructions, idea evaluations, sample business plans, editor and agent commentaries, and much more, The Author Training Manual provides the information you need to transform from aspiring writer to career author.

**How to Become a Millionaire in 365 Days** Nov 12 2020 This is a step-by-step guide to become a millionaire in 365 days by buying a business for yourself, or with your co-workers. That is the best way to become a millionaire. Any size of business can be acquired by following the step-by-step guide outlined in the book, by the principals of STERLING COOPER, INC., a consulting firm ( www.sterlingcooper.info ) who have participated in thousands of acquisitions, valuations, appraisals and financings. The book concentrates on the principle of structuring a LEVERAGED BUYOUT (LBO) for the prospective acquisition and guides the reader to a means of accomplishing the purchase in easy to understand, straight forward terminology, with a daily suggested step-by-step program. This is a great handbook for anyone looking to buy a business. Readers may also contact the author directly for initial advice at no cost. The book is designed both for the first time buyer, with the step by step guidance as to how to buy a business, any business, but it also works well for owner who is interested in making an add-on acquisition and grow his business through acquisitions. The book involves some 40 years of acquisition experience and has great stories about real and completed LBO'S ( LEVERAGED BUYOUTS ) of some well known companies all done on a shoestring budget, using the assets of the acquired companies as the collateral for the loans to acquire the businesses. The book is written to allow even a relatively inexperienced buyer/business owner, to find and to complete the transaction step-by-step. The SterlingCooper firm is available as a total daily step-by-step coach in the entire process if necessary so that you are not out there all alone, trying to just follow the book, but you have a real coach to accomplish the first acquisition. Initial consultation is at no cost to the reader. The entire process is broken down to easy to follow and organized steps what start with describing how the process of structuring an LBO works, and then guides the reader through the individual steps needed to identify the business to be acquired ( or acquire the business you now work for by yourself or with other employees). Every step of the process is documented day by day to accomplish the first transaction in a period of 60-90 working days as the optimum result! Since the acquisition process is geared to minimize the funds needed from the buyer and concentrates on using the leverageable assets of the acquired company, the buyer will minimize the use of his own funds...that is the whole basis of a properly structured LBO. You heard the term "OTHER PEOPLE'S MONEY"? A properly structured LBO is the best of use of borrowed funds; the bank's! The book also contains a variety of helpful and ready to use forms and agreements that can be easily used to close the deal including a Draft Stock Purchase Agreement. Most valuable is the INFORMATIONAL QUESTIONNAIRE, which provides all the questions to ask relating to the business, its operations and financial statements, and will be the document you can share with your lenders for financing. You will be able to evaluate the entire business, its history of operations and intricacies like a pro, without having to spend tens of thousands of dollars on hiring a battery of professionals to do that job for you. The ability to buy a business, literally any business is now in your hands. Depending on your available free capital there is no limit to the possibilities of what can be acquired. You will enjoy reading about the completed opportunistic acquisition of a divestiture, of a 12,000 employee firm, by a motivated seller, a large publicly traded conglomerate, and even provided a line of credit to help with the acquisition! You may contact the author directly at no cost for a quick coaching to get started! BONUS INCLUDED! You can become a millionaire in 365 days!

**Millionaire Teacher** Jun 07 2020 The incredible story of how a schoolteacher built a million-dollar portfolio, and how you can too Most people wouldn't expect a schoolteacher to amass a million-dollar investment account. But Andrew Hallam did so, long before the typical retirement age. And now, with Millionaire Teacher, he wants to show you how to follow in his footsteps. With lively humor and the simple clarity you'd expect from a gifted educator, Hallam demonstrates how average people can build wealth in the stock market by shunning the investment products peddled by most financial advisors and avoiding the get-rich-quicker products concocted by an ever widening, self-serving industry. Using low cost index funds, coupled with a philosophy in line with the one that made Warren Buffett a multi-billionaire, Hallam guides readers to understand how the stock and bond markets really work, arming you with a psychological advantage for when markets fall. Shows why young investors should hope for stock market crashes if they want to get rich Explains how you can spend just 60 minutes a year on your investments, never open a financial paper, avoid investment news, and still leave most professional investors in the dust Promotes a unique new investment methodology that combines low cost index funds and a Warren Buffett-esque investment philosophy Millionaire Teacher explains how any middle-income individual can learn can learn the ABCs of personal finance and become a multi-millionaire, from a schoolteacher who has been there and done that.

**The Influential Author** Dec 26 2021 Do you have something important to say? Are your knowledge and experience unique, valuable, and in demand? Do you want to write a book that changes the way people think and live? By combining his experience as an educator and entrepreneur, author Gregory V. Diehl teaches passionate thinkers how to turn unique messages into profitable books--without sacrificing royalties or creative control to a publisher. With in-depth advice about all stages of book creation, publication, and marketing, The Influential Author takes a uniquely grounded and intellectual approach to nonfiction self-publishing. Unlike self-publishing guides that promise to teach you how to write a bestselling book quickly and easily, Diehl's book actually walks you through the complex details of planning, writing, editing, and promoting your work at the standards of traditional publishing. Whether you are an experienced writer or have just started thinking about how to write a nonfiction book, The Influential Author will teach you about: -Combining your passions and experience with reader demand to decide what book to write. - Organizing your knowledge into sections and chapters for maximum comprehension and flow. -Refining your book with feedback from editors, proofreaders, beta readers, and market testing. -Choosing a title, subtitle, description, and cover design that capture your message and create sales. -Pricing and promoting each format of your book (digital, print, and audio) for maximum readership and revenue. Enjoying lifelong passive income, influence, and meaning from your book's success. Publishing a book could be one of the most important things you ever do. Read The Influential Author to begin your path to writing nonfiction books that matter.

**Die Wissenschaft des Reichwerdens (Übersetzt)** Jan 03 2020 DIESES Buch ist pragmatisch, nicht philosophisch; ein praktisches Handbuch, keine theoretische Abhandlung. Es richtet sich an jene Männer und Frauen, deren dringlichstes Bedürfnis das Geld ist; jene, die erst reich werden und dann philosophieren wollen. Es richtet sich an diejenigen, die bisher weder die Zeit noch die Mittel noch die Gelegenheit gefunden haben, sich in das Studium der Metaphysik zu vertiefen, die aber die Ergebnisse wollen und bereit sind, die Schlussfolgerungen der Wissenschaft als Grundlage für ihr Handeln zu nehmen, ohne auf die Prozesse einzugehen, durch die diese Schlussfolgerungen erreicht wurden. geht davon aus, dass der Leser seine grundlegenden Aussagen vertrauensvoll akzeptiert, so wie er auch Aussagen über ein elektrisches Gesetz akzeptieren würde, wenn sie von einem Marconi oder einem Edison verbreitet würden; und dass er, wenn er diese Aussagen vertrauensvoll akzeptiert, ihre Wahrheit beweisen wird, indem er sie ohne Angst oder Zögern in die Praxis umsetzt. Jeder Mann oder jede Frau, der/die dies tut, wird mit Sicherheit reich werden; denn die hier angewandte Wissenschaft ist eine exakte Wissenschaft, und Versagen ist unmöglich. Beim Schreiben dieses Buches habe ich alles andere der Klarheit und Einfachheit des Stils geopfert, damit es alle verstehen können. Der hier vorgestellte Aktionsplan wurde gründlich getestet und hat die höchste Prüfung der Praxis bestanden: Er funktioniert.

*The Intelligent Small Investor* Jul 09 2020 My wife and I are self-made millionaires, having grown our net worth from humble beginnings to nearly \$7 million in 2020. The purpose of this book is to empower and enrich ordinary people, stop popular myths and conventional "wisdom" from robbing people millions of dollars, and show novel "Money Tree" methods for people to achieve financial freedom. This book is for high school and college students, young professionals, renters, homeowners, middle-aged employees, real estate investors, mutual fund investors, 401k investors, IRA and Roth IRA investors, and retirees. This book focuses on lucrative, innovative, think-outside-of-the-box strategies to make millions that are executable and reproducible by ordinary people. I am sad to see financial myths and harmful conventional "wisdom" killing the financial freedom of ordinary people. For high school and college students selecting a career, they often hear this advice: "Pursue your passion." This book presents a unique "combination is creation" approach that can enable you to: (1) earn millions more in your career, (2) pursue your passion, and (3) make a greater contribution to the society. In addition, people believe: "I'm young. If I delay investing by a few years, what's the big deal?" Well, as shown in Chapter 3, such a delay can cost you \$4 million. Furthermore, this conventional wisdom is popular: "Prepay your mortgage and pay it off early. It saves you interest money." As shown in Chapter 7, this can cost an ordinary person more than \$6 million. This book demonstrates the intelligent use of loans to maintain leverage and plant money trees. As shown in Chapter 7, the money tree methods can produce \$6 million to \$80 million for an ordinary family. Moreover, this conventional wisdom is also popular: "Live a debt-free life! Debt-free is the new rich!" Actually, this can cost millions of dollars and destroy opportunities for people. This book shows the intelligent use of good debt to grow millions for you. Here is another myth: "Mutual funds are all similar. Just pick a few to put your money in." As shown in Chapter 15, this can cost an ordinary person \$3.8 million over a working career. This book provides simple money-tree methods that can help the ordinary employee accumulate \$4.5 million, in an example in Chapter 15. Here is another myth: "A 1% fee charged by mutual funds is not a big deal." Using average mutual funds with average fees can make you lose \$3.49 million in profits, as illustrated in Chapter 16. People believe: "Ordinary people cannot beat the gurus." Chapter 18 lays out an easy money-tree method for the ordinary person to far outperform the professionals and achieve financial freedom. This book debunks popular myths and harmful conventional wisdom. The money-tree methods are unorthodox, anti-conventional-wisdom, lucrative, and simple. By thinking independently and outside of the box, you will be rewarded with millions of dollars to provide yourself and your loved ones with financial freedom. This book shows how to grow money trees so that your money will grow day and night, year after year. You will be making money while vacationing in Europe, on a cruise ship, and in your sleep.
