[Family Values and Value Creation](#) Jul 01 2022 In celebration of IESE's 50 years of bridging the gap between theory and practice, this essential compilation brings together today's top researchers to tackle the real-life issues that family business owners face on a daily basis, shedding new light on the values that shape the types of companies.

[Sociology of Families](#) Apr 29 2022 "Cheryl Albers' reader for use in family sociology courses is a cutting edge collection of articles about cutting edge topics. She addresses nine topics central and critical to family sociology and provided thoughtful articles from diverse perspectives for each, from adolescent childbearing to construction of family policy. This volume of readings is where the students are. It could enrich any instructor's approach to the burning questions in the field of sociology." Dana Vannoy, University of Cincinnati

[Children in Time and Place](#) Dec 14 2020 Each generation of American children across the tumultuous twentieth century has come of age in the different world. H major historical events - such as war or the depression - influence children's development? Children in Time and Place brings together social historians and developmental psychologists to explore the implications of a changing society for children's growth and life chances. transitions provide a central theme, for his transitions to the social transitions of children and their developmental experiences.

[Changing Family Values](#) Nov 05 2022 Changing Family Values offers a comprehensive introduction to contemporary debates and new research surrounding the family. It explores how we define traditional family values and how these values are perceived as being under threat in contemporary society. Ranging across politics, social policy, law and sociology, the contributors focus on the diverse realities of contemporary family life. Issues covered include: * the recent backlash against single * lesbian and gay families and the law * men's changing roles within the family * the future of the nuclear family. This book is ideal for courses covering the family as a central topic in sociology and women's studies.

[Select Undergraduate Papers](#) Aug 10 2020 This book is intended to provide undergraduate college students with real examples of well-developed, well-researched, well-written original work that received top grades from college professors. This collection contains select term papers, annotated bibliographies, a book summary research papers written by the author himself as an undergraduate student. You can use the papers presented in this book as a model for your own term paper research projects--P. [4] of cover.

[Autonomy in the Law](#) Sep 22 2021 By juxtaposing European and American concepts of autonomy in the law as they are applied to families, capital punishment and criminal trials, authors reveal the common values that justify all legal systems. This book sheds new light on the fundamental purpose of law by examining how European and American lawyers, judges, and citizens actually apply and should apply legal autonomy to litigation, legislation, and the law itself.

[Family Values and Social Justice](#) Aug 02 2022 In making the argument for the remedy of inequality, contemporary political philosophers often emphasize the arbitrariness of disadvantage, stressing how one's lot in life is to a significant extent determined by the circumstances of one's birth, that is, in which family, and part of the world. In the latter instance, people differ in how well they live in a large part because of their context in the global order. But equally important for person's chances in life is the family that raises her (if the person is lucky enough to have a family in the first place). In Family Values: the Ethics of Parent-Child Relationships, Harry Brighouse and Adam Swift provide a systematic analysis of the morality and politics of the family, exploring why families are valuable, whether people have a right to parent, what rights and duties parents have, and, in particular, what rights children have that may constrain the rights of their parents. In this volume assess Brighouse and Swift's contribution, taking up a number of controversial issues about autonomy, human flourishing, parental rights, and the nature of childhood itself. Contributors offer a range of arguments, some challenging, others complementing, of Brighouse and Swift's account of the ethics of family-child relationships. The chapters in this book were originally published in a special issue in the Critical Review of International Social and Political Philosophy.

[War Over the Family](#) Oct 24 2021 One of the most surprising and controversial social debates of the past two decades has been about the meaning and importance of marriage and the family in contemporary American life. Referred to by some as a culture "war over the family," the debate has pitted those concerned about the weakening of the traditional married-parent nuclear family, especially in its impact on children, against those arguing that nothing has gone wrong with families: they are merely "diversifying." David Popenoe has been one of the most influential figures in laying out for a wide audience the importance of "family decline," and what it means for our children, our society, and our future.

[Researching Families and Communities](#) Dec 21 2021 Recent years have seen a concern with how family and community relationships have changed across the generations, whether for better or worse, and particularly how they have been affected by social and economic developments. But how can we think about and understand the nature of the present in relation to the past and vice versa? Researching Families and Communities: Social and Generational Change explores the concepts and perspectives that guide research and the methods used to explore change during the last half of the twentieth century and into the new millennium. It highlights the complexities of continuities alongside change, the importance of the perspectives that shape investigation, and the need to engage with situated data. This edited volume includes contributions from experts in their field who: address these overarching trends explore the possibilities and practice of secondary analysis or replication as well as longitudinal large scale data sets discuss varied aspects of family and community life, including sexuality, ethnicity, parenting resources, older people, intergenerational family life, solo living and many others. This book will appeal to academics and students interested in family and community across a range of social science disciplines, and to those in the social research field.

Challenges for Work and Family in the Twenty-First Century 05 2020 Stimulated by unprecedented and complex changes in the nation's social landscape, the fourteen original papers in the present volume attempt to recast our approach to existing institutional arrangements between family and economy. The authors stage for redefinitions that give meaning and place to individuals, thus serving broader social goals.

Families and Family Values in Society and Culture 03 2022 This book which has been created in the framework of the EU-funded COST Action INTERFASOL brings together researchers from 22 INTERFASOL countries, who frame intergenerational family solidarity in the specific historical, cultural, social and economic context of their own country. Integrating different perspectives from social and political sciences, economics, communication, health and psychology, the book contains country-specific knowledge and new insights into family relations, family values and family policies across Europe. Praise for Families and Family Values in Society and Culture: "This comprehensive study of families in Europe reveals the strength and variation in family solidarity and values. By drawing together detailed descriptions of continuity and change, Families and Family Values in Society and Culture provides a fascinating account of the social and cultural contexts that shape European family life. The case studies of families in different European countries compare demographic and welfare regimes to consider the challenges facing generations in Europe in response to these. The book is an invaluable resource for researchers studying family life and inter-generational solidarity." Clare Holdsworth Professor of Social Geography Keele University "This book is based on the testimony of experts, each of them proposing analyses which are specific to their own society. It provides an opportunity for the reader to take a new look at the evolution of intergenerational solidarity in 22 countries, whose wealth, welfare systems, and demographic changes as well as recent events (wars, migratory movements, ...) offer specific challenges. It adopts the perspective of the insider to shed light not only on culture and values in each country, but also on conflicts between tradition and modernity, and between subcultures in the same society. The book thus allows better understanding of family in intergenerational and gender relations, and the variety of solutions implemented or suggested to promote more satisfactory expressions of intergenerational solidarity for the next decade. Families and Family Values in Society and Culture provides an invaluable contribution for cross-cultural and social sciences researchers interested in understanding how different forms of solidarity arise from family and social dynamics." Anne Marie Fontaine Professor of Psychology University of Porto

Famous at Home May 31 2022 No one wakes up and decides, "I'm planning to ruin my marriage, neglect my kids, and cause mistrust in my family." Yet our personal pursuits and busyness can lead us there. In this book, marriage and leadership coaches Dr. Josh and Christi Straub show how seven core decisions can help us pursue what's most important center stage in our lives. Famous at Home is Josh and Christi's realistic, grace-filled look at the struggles families face in a culture that values for their time, attention, and identity. Whether you've found yourself putting more effort into becoming famous on stages outside the home, or your stage is the home, Famous at Home offers guidance and inspiration to help you give your family the best version of you instead of your leftovers. Famous at Home will help you and your spouse be on the same team—fighting for each other and not against each other. Stay emotionally connected even if work, distance, or busyness are in the way. Invest in the emotional lives of your children. You really can be famous at home, showing up in intentional and meaningful ways for your biggest fans. All it takes is realizing that the greatest red carpet you'll ever walk is through your front door.

Handbuch Familiensoziologie Feb 25 2022 Dieser Band bietet einen umfassenden Einblick in die große thematische Breite und Tiefe der familiensoziologischen Forschung. Dabei geht es um die Konstanten und Differenzierungen des familiären Lebens in den verschiedensten Regionen der Welt sowie die unterschiedlichen methodischen und theoretischen Ansatzpunkte in der Familienforschung. Schließlich wird eine Vielzahl familiärer und sozialstruktureller Fragestellungen einschließlich ihrer empirischen Fundierung aufgegriffen, referiert und kritisch kommentiert. Heiratsmarkt, Fertilität, Arbeitsteilung, Generationenbeziehungen, Interaktionsstile, Trennung, Bildung, Mobilität sind nur einige Beispiele für den breiten thematischen Zugriff des vorliegenden Bandes, welcher in vier thematischen Abschnitten und fünfundzwanzig Beiträgen systematisch das Feld der Familiensoziologie beschreibt.

The Cinematic Representation of the Chinese American Family 02 2019 There has been an increasing recognition of the fluidity and ambiguity of ethnic identities within the context of global mobility. With that in mind, how have films constructed the identity of ethnic Chinese in the United States? This book addresses this question through three sub-questions. First, why is the family narrative so characteristic of films about Chinese Americans in transnational Chinese cinema? In other words, and why are images of Chinese or Chinese Americans in transnational Chinese cinema different from those in Hollywood movies? Second, how does transnational Chinese cinema define and negotiate the aesthetic conventions of melodrama commonly used to depict Chinese American families? In terms of establishing melodrama as an evolving mode of, how does Chinese American cinema historically connect with both Hollywood and Chinese cinema? Third, what have the narrative treatments of Chinese American families in transnational Chinese cinema contributed to the ongoing representation of Chinese culture and construction of ethnic Chinese identity in Western societies? This book traverses fields such as cultural studies, Chinese studies, media studies, American studies, and film studies, and engages with a selection of films from the 1990s to the 2000s, directed by Chinese American, Taiwanese and Hong Kong filmmakers and produced in the USA, Taiwan, Hong Kong, and mainland China, to analyze the role the American Chinese family plays in their work. With sensitivity towards transnational bonds and historical processes, a negotiation process of three sets of conflicting forces has subsequently emerged: the traditional and the modern, the national and the transnational, and Chinese American identity crisis in favor of a Chinese identity or a true American identity. Contrasting cultural beliefs undoubtedly create cross-cultural and generational conflicts within the family, yet also open the way to negotiation and compromise. This research on the cinematic depiction of Chinese Americans reveals the historical significant transnational connection among Chinese American, Chinese, and American cultures. On the one hand, ethnic Chinese are represented by boundaries that establish and define the Chinese American community against other communities, and yet, on the other hand, the representation of family life and structure of Chinese immigrants is multiple and fluid, as culture itself is unstable and uncertain. Therefore, a process of fixation and a process of fluidity seem to take place at the same time.

Public Papers of the Presidents of the United States: George Bush, 1992-1993 Public Papers of the Presidents of the United States

New Thoughts about Work: Theoretical and Practical Aspects 13 2021 This is a collection of papers presented at the Second Global conference, The Value of Work and Exploring Critical Issues. Changes and constancies of work and the meaning of work as self-fulfillment or oppression emerge from the research of scholars.

Culture Wars Aug 22 2021 A collection of letters from a cross-section of Japanese citizens to a leading Japanese newspaper, relating their experiences and thoughts about the Pacific War.

Handbook of Marriage and the Family Oct 12 2020 The third edition of Handbook of Marriage and the Family describes, analyzes, synthesizes, and critiques the current research and theory about family relationships, family structural variations, and the role of families in society. This updated Handbook provides the most comprehensive state-of-the-art assessment of the existing knowledge of family life, with particular attention to variations due to gender, socioeconomic, race, and cultural, and life-style diversity. The Handbook also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars.

and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society. In addition, the involvement of chapter authors from a variety of fields including family psychology, family sociology, child development, family studies, public health, and family therapy, gives the Handbook a multidisciplinary and interdisciplinary framework.

Pagan Family Values Oct 04 2022 "An intriguing, important, and often entertaining look at an under-studied aspect of new religions. Highly recommended." —Douglas E. Cowan, author of *Cyberhenge: Modern Pagans on the Internet* For most of its history, contemporary Paganism has been a religion of converts. Yet as it entered the 21st century, it is incorporating growing numbers of second-generation Pagans for whom Paganism is a family tradition, not a religious worldview arrived at via a spiritual quest. In *Pagan Family Values*, S. Zohreh Kermani explores the ways in which North American Pagan families pass on their beliefs to their children, and how the experience to socialize children influences this new religious movement. The first ethnographic study of the everyday lives of contemporary Pagan families, this volume brings their experiences into conversation with contemporary issues in American religion. Through formal interviews with Pagan families, participant observation at various Pagan events, and data collected via online surveys, Kermani traces the ways in which Pagan parents transmit their religious values to their children. Rather than seek to pass along specific religious beliefs, Pagan parents tend to seek to instill values, such as religious tolerance and spiritual independence, which will remain with their children throughout their lives, regardless of these children's ultimate religious identifications. S. Zohreh Kermani teaches Religious Studies part time at Youngstown State University. In the *New and Alternative Religions* series

Contemporary Research in the Sociology of Education (RLE Education) Sep 30 2019 The subject matter of this book – what happens in schools, the effects of curriculum change, the reasons why some children are successful and others are not – explains just why the sociology of education is one of the most important areas to political importance. There are five sections to the book covering: Educational Achievement; Educational Provision; The Organization of the School; Roles in the School; and Values and Learning. The editor discusses the implications of the material presented (much of which was available for the first time when this book was originally published).

The Practitioner's Guide to Working with Families Feb 02 2020 This book offers a clear and coherent guide to working with families for practitioners and students in social work, health, counselling and related professions. It brings together recent thinking on the historical and contemporary constructions of the family in such a way as to provide a helpful framework for practitioners working in a variety of settings in the field. It offers up-to-date information on political, legislative and theoretical frameworks, and it reviews and illustrates a wide range of approaches and practice skills for working with families with different problems in different contexts.

Wert der Familie Apr 17 2021 Die Analyse von Normveränderungen auf dem Feld der Familienwerte eignet sich besonders gut, um zu einem breiteren Verständnis gesellschaftlichen Wandels zu gelangen. Dies liegt erstens daran, dass die Familie während des gesamten 20. Jahrhunderts als wichtigste Mikroeinheit der Gesellschaft nach dem Individuum und als zentrale Instanz der Wertevermittlung an die nächste Generation galt. Öffentliche Debatten um die Familie, ihre Strukturen und ihre Werte unterstreichen stets deren Bedeutung für die Gesellschaft. Zweitens entfaltete das Familienideal der weißen „Middle Class“ im 20. Jahrhundert eine prägende Wirkung für alle US-Amerikaner/innen. Es diente als Projektionsfläche von Integrations- und Aufstiegshoffnungen, inspirierte aber auch Diversifizierungs- und Abgrenzungsstrategien. Quellen der Studie sind insbesondere die nationale Tages- und Wochenpresse, Grundsatzentscheide des Supreme-Court und ihre Begründungen, Statements von Präsidenten und ihrer Stäbe, Ratgeber-Literatur und zeitgenössische wissenschaftliche Publikationen sowie Veröffentlichungen religiöser Organisationen und sozialer Bewegungen. Als zentrale Untersuchungsachsen dienen die Kategorien „Race, Class, and Gender“ sowie die Frage nach der Gültigkeit des sozialwissenschaftlichen Postulats eines „Wertewandels“.
