**The Gardens at Giverny** Mar 05 2020 A Colorful Photographic Tribute to the Gardens Celebrated in Monet's Paintings Claude Monet found inspiration in the rose-covered trellises, the wild ramble of nasturtiums, and the idle drift of water lilies in the gardens of Giverny outside Paris. So, too, did Stephen Shore, who photographed the gardens one hundred years later, upon their painstaking restoration to the state they had enjoyed during Monet's lifetime. Originally commissioned by the Metropolitan Museum of Art to photograph the renaissance of the gardens, Shore visited Giverny over a period of six years beginning in 1977. Going before dawn and leaving after dusk, visiting in

different seasons, he came to know the gardens in all the moods and textures that nurtured Monet. "With the sensitivity of a poet, Stephen Shore has given a new interpretation of this garden, which so enchanted Claude Monet," writes Gerald Van Der Kamp, the man in charge of spearheading the careful revival of Monet's beloved gardens. Shore's uncompromising fidelity to both the gardens' plenitude and his desire to present the abstract beauty of nature results in exquisitely serene photographs that express the essence of Giverny.

[A Day with Claude Monet in Giverny](#) Oct 31 2019 This beautiful slipcased volume offers an intimate tour inside Monet's home and through the idyllic Giverny garden that inspired his most iconic paintings. Monet first spotted the village of Giverny from the window of a train and then relocated to the rural haven outside Paris in 1883. Monet was an artist with a passion for painting landscapes and outdoor scenes, and the garden at Giverny soon became the Impressionist master's greatest artistic accomplishment and a catalyst for his work. In 1890, Monet began renovating it, installing a picturesque water lily pond inspired by the Japanese prints he avidly collected. The setting of Monet's Water Lilies series--his most famous works--it is now the most visited garden of its size in the Western world. The beautifully vivid illustrations of Monet's paintings, his home, and the grounds give readers unprecedented access into the flowery paradise to which Monet dedicated the last forty years of his life. Lovers of garden design and Impressionist art are invited on an intimate tour via this handsome volume.

And he explains the idea of Impressionism in a way that will make children not only understand the genre, but also want to imitate it themselves. Monika Vaicenavičienė's subtly colored and dreamily delicate illustrations strike the perfect note as they reflect Ella's interpretation of Monet's beautiful garden. **Monet's Garden** Feb 25 2022 "Claude Monet was one of the first artists to move his studio

out into the open air, creating works which continue to fascinate and inspire us today as much as they did his contemporaries. One of the founding fathers of Impressionist art, Monet's works consistently reflect the artist's profound love of nature. Many of his paintings were directly inspired by the gardens that played such an important role in his life—the gardens at his two homes in Argenteuil in the 1870s, followed by a garden at his estate in Vatheuil. Yet the most famous of Monet's gardens was the expansive park in Giverny, which inspired his masterful handling of light and color for more than thirty years and provided motifs for hundreds of individual paintings and series that remain immensely popular today—among them the masterpieces of his Water-Lilies series."--Dust-jacket.

**Claude Monets Seerosen-Serien. Genese der Abstraktion** Nov 12 2020 Studienarbeit aus dem Jahr 2005 im Fachbereich Kunst - Malerei, Note: 1,0, Philipps-Universität Marburg (Kunstgeschichtliches Institut), Veranstaltung:

Proseminar: Claude Monet, 22 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Claude Monet wird in der Malerei als eine Schlüsselfigur im Übergang zur Abstraktion betrachtet und darüber hinaus aufgrund der spezifischen Erscheinungsweise seiner Bilder in einen unmittelbaren Zusammenhang mit dem Abstrakten Expressionismus der 50er Jahre gebracht. In meiner Arbeit möchte ich auf die Entwicklungen und Veränderungen der Seerosenbilder im Laufe der Jahre eingehen. Monet verbrachte die gesamte zweite Hälfte seines Lebens in Giverny, wo sich sein Seerosenteich und die japanische Brücke, welche über diesen Teich führte, befanden. Er beschäftigte sich viele Jahre lang allein mit diesem Motiv. So entstanden in Giverny etwa 300 Gemälde, auf denen als Motiv Monets Garten zu sehen ist. Aufgrund des Umfangs an Bildern, auf denen die japanische Brücke oder der Seerosenteich dargestellt sind, werde ich mich alleine auf die Gemälde beziehen und Details aus Monets Biografie oder zeitgeschichtliche Aspekte vernachlässigen. Es geht mir im Wesentlichen um die Beleuchtung der Genese der Abstraktion in den Gemälden der Seerosen-Serie. Aufgrund dessen, dass Claude Monet die Angewohnheit besaß, über Jahrzehnte hinweg immer wieder ein und dasselbe zu malen, lassen sich die Bilder gut untereinander vergleichen und durchaus mit seinem Augenleiden in Verbindung bringen, was ich im vorletzten Teil meiner Arbeit näher beleuchten werde.

**Claude Monet** Feb 02 2020 Als Impressionist zu gelten war für Monet eine Auszeichnung. Er war es aus tiefer Überzeugung und blieb es bis an das Ende seines langen Lebens. Er begnügte sich mit einem einzigen Genre, dem der Landschaftsmalerei. Hier aber brachte er es zu einer Vollkommenheit, an die keiner seiner Zeitgenossen heranreichte. Im Sommer jenes Jahres kam es zu gemeinsamen Malübungen mit Boudin (1824 bis 1898) am Meeresstrand. "Mit der Zeit gingen mir die Augen auf und ich begann, die Natur zu verstehen; zugleich lernte ich, sie zu lieben" – so erinnert sich Monet später an diese gemeinsamen Exerzitien. Er besucht nicht die Ecole des Beaux-Arts, sondern zieht die von Monsieur Suisse, einem ehemaligen Modell Davids, gegründete freie "Académie Suisse" vor. Hier war es möglich, für einen geringen Beitrag lebende Modelle zu malen und zu zeichnen. Die Farbskala der Bilder, die Monet 1871 und 1872 malte, ist nicht sehr breit; sie erinnert an die der Barbizon-Schule und an die Seestücke Boudins. Die Grundtöne sind braungelb und blaugrau. Im Jahr 1877 wurde die dritte Ausstellung der Impressionisten eröffnet, bei der Monet zum ersten Mal eine Bilderserie zeigte. Mit seinem Motiv, dem Bahnhof Saint-Lazare, setzte Monet nicht nur Manets Die Eisenbahn und seine eigenen Landschaftsbilder aus Argenteuil fort, er schloss sich darüber hinaus der bei den Künstlern wachsenden Tendenz an, sich von diesem Transportmittel faszinieren zu lassen. In seinem Wohnort Giverny wurden die Bilderserien Monets wichtigste Arbeitsmethode. In den 1890er Jahren

entdeckte Monet London. Zwar begann er die Bilder allesamt in London, beendete viele von ihnen aber in Giverny. Für den Schriftsteller Octave Mirbeau (1848 bis 1917) war Monet ein Mensch, der Wunder vollbrachte: Mit Hilfe der Farben habe er auf der Leinwand das Sonnenlicht, etwas nahezu Unfassbares, nachgebildet und es um eine Unzahl prismatischer Facetten bereichert. Tatsächlich hat Monet das Potenzial der Farbe mit nahezu wissenschaftlicher Strenge bis zu seinen äußersten Konsequenzen getrieben; kein anderer Impressionist ist darin so weit gegangen wie er, und es ist wenig wahrscheinlich, dass man in dieser Richtung hätte noch weitergehen können.

**The Magical Garden of Claude Monet** Oct 12 2020 Part of the highly-successful Anholt's Artists series about great painters, which tells the stories of real meetings between world-famous artists and the children who knew them. When Julie's dog disappears into a mysterious garden, Julie follows him - and finds herself in a beautiful garden-within-a-garden where the roses grow like splashes of paint and a Japanese bridge bows over a silent pool. There she finds not only her dog, but also Claude Monet. The famous artist introduces her to his work and his garden, giving her encouragement that the young would-be artist will never forget. Set against the romantic, world-famous backdrop of Monet's garden at Giverny, the story is accompanied by reproductions of the artist's most celebrated paintings and a biographical note on Monet.
