[Democratic Practice and Governance in Nigeria](#) Aug 24 2019 This book examines the challenges confronting the practice of democracy and governance in Nigeria. The book examines the theoretical underpinnings and the procedural and institutional components of democratic practice in Nigeria, including the challenges associated with elections, the legislature, the media and gender issues. Approaching the pluralistic characteristics of the Nigerian state and how they impede democratisation through contributions by experts and scholars in the field, the book analyses the issues and nuances inherent to governance and democracy in Nigeria, as well as domestic policy process, global governance and human security. Democratic Practice and Governance in Nigeria will be of interest to students and scholars of African politics and democratisation.

Britain at the Polls 2010 Jun 02 2020 The ninth book in the long-running Britain at the Polls series, the 2010 edition looks back at the political landscape since 2005 with special focus on the transition from Tony Blair to Gordon Brown and the impact of events such as the the financial crisis, the MPs expenses scandal and the first ever leaders' debates. The 2010 election is analyzed in this context and the final chapters look ahead to assess the fortunes of the new government. A strong line-up of contributors includes Philip Norton, Paul Webb, James A. Stimson, Michael Moran and Ron Johnston. Praise for the previous edition: 'With a first-class set of contributors this well-written and accessible volume will be essential reading for all concerned with British elections, voting behavior and party politics.' - Pippa Norris, Harvard University

The Politics and IR Companion Nov 19 2021 This succinct but comprehensive textbook leads students through the various aspects of their politics and IR degree. It includes a clear overview of the issues, theories, methods and controversies with which scholars across the discipline have engaged alongside guidance on research and study skills such as critical thinking, distinguishing facts from values and academic reading. Furthermore, it helps students to prepare for a career and a lifetime's interest and involvement in politics. From pre-course reading, to core text on introductory politics and IR modules, to handy reference guide across a degree program, this Companion provides a one-stop resource, packed with tips for succeeding at university and beyond. Drawing on a wide range of international examples and written accessibly with no expectation of prior familiarity with the subject it will appeal to students across the world. New to this Edition: - Thoroughly revised and updated with the help of new co-author Simon Lightfoot - Coverage of International Relations and Political Economy has been significantly expanded to reflect the ever-changing nature of degree programmes in Political Science - Sections on study skills have been extended and linked more specifically to the demands of Politics and IR

Thomas Heywood's The Four Prentices of London Jul 24 2019

[Comparative Hong Kong Politics](#) Dec 09 2020 This guidebook for students offers a survey of comparative politics intended for use in Hong Kong. Hong Kong is one of the world's great cities, but its political future has never been hazier. Mass protests, contested elections, a 2047 transition causing uncertainty in financial and business elites- for Hong Kong, it is the best of times as well as the worst of times. Hong Kong University politics scholar Matthew Wong brings a clear-headed and fact-based approach, introducing Hong Kong to scholars of comparative politics even as he introduces comparative politics to students in Hong Kong, with this new area-specific reference work, a mix of theory and insights into how political theory can be of value in understanding the case of Hong Kong, complete with datasets and quantitative information that helps to disentangle fact from myth. For Hong Kong residents, scholars, students, and members of civil society, this book will be a breath of fresh air.

Essentials of UK Politics Mar 24 2022 The 4th edition of this popular textbook has been fully revised and updated to match the requirements for the new A-level in government and politics for the Edexcel and AQA exam board specifications. Written by renowned author Andrew Heywood, this lively text expertly introduces A-level students to the basics of UK politics, and covers key areas including political parties, elections and referendums, voting behaviour and the media, the Constitution, Parliament, Judiciary and the European Union. Keeping pace with the tumultuousness of UK politics of the last few years, it incorporates coverage of the referendum on the UK's European Union membership in 2016 and its consequences as well as the 2017 general election. New to this Edition: - Content restructured to map on to the new A level specifications -

'Milestones': provides annotated timelines for the historical development of various issues - 'UK Politics in Action': places the focus on key events in British politics

Politics in the Republic of Ireland Jul 16 2021 Politics in the Republic of Ireland is now available in a fully revised sixth edition. Building on the success of the previous five editions, it continues to provide an authoritative introduction to all aspects of the government and politics in the Republic of Ireland. Written by some of the foremost experts on Irish politics, it explains, analyses and interprets the background to Irish government and contemporary political processes. It devotes chapters to every aspect of contemporary Irish government and politics, including the political parties and elections, the constitution, the Taoiseach and the governmental system, women and politics, the role of parliament, and Ireland's place within the European Union. Bringing students up to date with the very latest developments, especially with the upheaval in the Irish party system, Coakley and Gallagher combine substance with a highly readable style, providing an accessible textbook that meets the needs of all those who are interested in knowing how politics and government operate in Ireland. [A catalogue of modern works on science and technology. 2nd. 4th. 5th. 7th. 8th. 10th-14th. 16th-19th. 22nd-25th. 35th. 39th. ed](#) Dec 29 2019

Introduction to Politics Aug 17 2021 Combining theory, comparative politics and international relations, Introduction to Politics, Fourth Edition, provides the most comprehensive introduction to the subject for first year undergraduate students, with the most global perspective. Written by three experts in the field, this book takes a balanced approach to the subject, serving as a strong foundation for further study. Assuming no prior knowledge, the authors use an accessible yet analytical approach which encourages critical analysis and debate, helping students to develop the vital skills they need for future studies and employment. The new edition has been fully updated with additional case studies and examples to help students to understand how key theories and principles apply in the context of real-world events. New to the fourth edition is a chapter on 'Non-Western Approaches', which helps students to bring more diverse perspectives to their study of politics. Furthermore, additional coverage of populism has been included, to reflect current events and developments in discourse. This ensures that Introduction to Politics, Fourth Edition is the most contemporary, relevant and essential guide for students new to the study of politics.

[Thinking Beyond Sectors for Sustainable Development](#) Jan 10 2021 This book brings together a series of working papers, produced by interdisciplinary groups of academics within the project, on progress made under the Millennium Development Goals and introduces current debates surrounding the Sustainable Development Goals and the post-2015 agenda. Originating from an interdisciplinary, multi-institution research collaboration, Thinking Beyond Sectors for Sustainable Development, funded by UCL Grand Challenges. The project brought together over thirty academics from UCL, SOAS, London School of Hygiene and Tropical Medicine, Birkbeck, Institute of Education, and the Royal Veterinary College, and was coordinated by the London International Development Centre (LIDC). The book explores potential interactions between sustainable development goals in the post-2015 development agenda.

Die Parabel vom Sämann Apr 24 2022 Immerwährender Wandel Kalifornien im Jahre 2025: Die Regierung ist handlungsunfähig, der Bundesstaat leidet unter Wasserarmut. Wer es sich leisten kann, lebt hinter dicken Mauern zum Schutz vor den kriminellen Banden, die ohne Gnade rauben, vergewaltigen und morden. In dieser Welt wächst die fünfzehnjährige Lauren Olamina als Tochter eines Baptistenpriesters auf. Sie ist hyperempathisch – sie fühlt die Schmerzen anderer am eigenen Leib. Als ihre kleine Gemeinde angegriffen und zerstört wird, macht sie sich auf eine gefährliche Reise nach Norden, um ihren Platz in dieser Welt zu finden ...

[Politics](#) May 02 2020 The fifth edition of this seminal textbook by best-selling author Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is the ideal choice for lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - New Politics in Action features reflect the latest political developments – including 'Trump's triumph: politics as polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book. Accompanying online resources for this title can be found at [bloomsburyonlineresources.com/politics-5e](http://bloomsburyonlineresources.com/politics-5e). These resources are designed to support teaching and learning when using this textbook and are available at no extra cost.

[Success and Failure of Countries at the Olympic Games](#) Oct 07 2020 The Olympic Games is undoubtedly the greatest sporting event in the world, with over 200 countries competing for success. This important new study of the Olympics investigates why some countries are more successful than others. Which factors determine their failure or success? What is the relationship between these factors? And how can these factors be manipulated to influence a country's performance in sport? This book addresses these questions and discusses the theoretical concepts that explain why national sporting success

has become a policy priority around the globe. Danyel Reiche reassesses our understanding of success in sport and challenges the conventional explanations that population size and economic strength are the main determinants for a country's Olympic achievements. He presents a theory of countries' success and failure, based on detailed investigations of the relationships between a wide variety of factors that influence a country's position in the Olympic medals table, including geography, ideology, policies such as focusing on medal promising sports, home advantage and the promotion of women. This book fills a long-standing gap in literature on the Olympics and will provide valuable insights for all students, scholars, policy makers and journalists interested in the Olympic Games and the wider relationship between sport, politics, and nationalism.

What Does Jeremy Think? Oct 19 2021 The Sunday Times Bestseller 'Seasoned Whitehall watchers often remark: "It wouldn't have been like this if Jeremy Heywood were still around." ... How could it be that the effectiveness of the once-revered civil service had become reliant on a single man?' Guardian

Handbook of Organised Crime and Politics Sep 17 2021 This multidisciplinary Handbook examines the interactions that develop between organised crime groups and politics across the globe. This exciting original collection highlights the difficulties involved in researching such relationships and shines a new light on how they evolve to become pervasive and destructive. This new Handbook brings together a unique group of international academics from sociology, criminology, political science, anthropology, European and international studies.

Modern Political Thinkers and Ideas May 14 2021 Modern Political Thinkers and Ideas is an exciting new text that provides students with a clearly presented introduction to some of the key areas of modern political thought. Uniquely combining historical and philosophical approaches to the subject, it describes the writings and ideas of the most influential thinkers of the modern era. Modern Political Thinkers and Ideas features: \* the main concepts in modern political theory such as: the State and Sovereignty; Political Obligation and Civil Disobedience; Liberty; Rights; Equality and Justice; Democracy \* the ideas of key thinkers such as: Machiavelli; Hobbes; Locke; Paine; Rousseau; Burke; Mill; Bentham; Marx; Rawls; Hayek \* a clear and instructive framework for each chapter which provides students with: (a) the significance of each concept in modern political thought; (b) what major political thinkers had to say about each concept; and (c) the relevance of key concepts to contemporary argument and debate.

Cases on Survival and Sustainability Strategies of Social Entrepreneurs Jan 28 2020 Social enterprises often do business in a hostile business environment as they compete for market share with the private sector and address societal and governmental failures. Strategy in social enterprises is concerned with the long-term direction of the business and the implementation of short-term objectives given their current operational challenges, such as a lack of funding, expertise, skills, knowledge, etc. Cases on Survival and Sustainability Strategies of Social Entrepreneurs focuses on how managers formulate a strategy to sustain the social enterprise venture and enable social entrepreneurs to understand and apply strategic management models whilst reviewing practical cases. This book discusses effective strategies social enterprises can adopt to secure their long-term future. Covering topics such as adaptive leadership, social innovation, and sustainable development, this book is ideal for social enterprise managers, trustees of charities, researchers, academicians, and students of social enterprises and management including business management.

Fighting for Empowerment in an Age of Violence Jul 04 2020 In today's modern world, persistent violence against vulnerable groups and minorities permeates societies, making it difficult for them to flourish. Empowering these groups has never been more important as society attempts to evolve and focus on inclusion. To understand the best practices and challenges of empowerment for minorities, further study is required. Fighting for Empowerment in an Age of Violence analyzes the different forms of violence against vulnerable groups and minorities, states their civil rights, and illustrates the forms of weakening and violence supported by authorities against their own citizens. The book also highlights the challenges for people marked as unequal or weak and the possibilities that the 21st century offers to empower them. Covering topics such as gender roles, political violence, societal security, and globalization, this reference work is ideal for government officials, sociologists, psychologists, politicians, security experts, activists, researchers, academicians, practitioners, scholars, educators, and students.

The Rev. Oliver Heywood, B.A., 1630-1702 Sep 05 2020

Gender and Political Analysis Feb 08 2021 A major new text on gender and politics by two leading authorities, which introduces the main issues and debates about the politics of gender and its role in both domestic and international politics and feminist approaches to political analysis.

Non-Democratic Regimes Nov 27 2019 A comprehensive assessment of the nature and evolving character of authoritarian regimes, their changing character and the main theoretical explanations of their incidence, character and performance. The third edition covers the rise of new forms of disguised dictatorship and semi-competitive democracy in the 21st Century.

Das Literaturbuch : [wichtige Werke einfach erklärt] May 26 2022

The Christian Right & US Foreign Policy in the 21st Century Aug 05 2020 This book is about the role of the Christian Right in the US foreign policy decision making process. It reveals that the Christian Right has long been fascinated with some international issues in general and US foreign policy in particular. The interest of the movement in international issues increased markedly during the George W. Bush administration (2000–2009). During this period, the movement successfully widened its activism from domestic social conservative issues to foreign policy issues by participating in, articulating and lobbying for its religious version of American foreign policy. In assessing the role of the Christian Right in US foreign policy making, this dissertation examines aspects of US foreign policy, namely Israel, international religious freedom and global humanitarianism. Based on these three aspects, the Christian Right is seen as skilled in framing and defining issues. The

Christian Right seems effective in selecting and prioritizing international issues that have a reasonable chance of being picked up on by foreign policy decision makers, especially in Congress. Moreover, the Christian Right has shown its maturity in seeking engagement and cooperation with other organizations, regardless of whether they are secular or religious, to advance its international goals. Finally, in pursuing and conveying its international agenda, the Christian Right has adopted a more moderate and mundane approach. Instead of using its traditional religious rhetoric, the Christian Right has successfully projected its foreign policy preferences into the conventional realist discourse of American foreign policy that was largely based on the objective of national interest and national security.

The Politics of Vietnamese Craft Dec 21 2021 Jennifer Way's study *The Politics of Vietnamese Craft* uncovers a little-known chapter in the history of American cultural diplomacy, in which Vietnamese craft production was encouraged and shaped by the US State Department as an object for consumption by middle class America. Way explores how American business and commerce, department stores, the art world and national museums variously guided the marketing and meanings of Vietnamese craft in order to advance American diplomatic and domestic interests. Conversely, American uses of Vietnamese craft provide an example of how the United States aimed to absorb post-colonial South Vietnam into the 'Free World', in a Cold War context of American anxiety about communism spreading throughout Southeast Asia. Way focuses in particular on the part played by the renowned American designer Russel Wright, contracted by the US International Cooperation Administration's aid programs for South Vietnam to survey the craft industry in South Vietnam and manage its production, distribution and consumption abroad and at home. Way shows how Wright and his staff brought American ideas about Vietnamese history and culture to bear in managing the making of Vietnamese craft.

Political Theory Aug 29 2022 The fourth edition of this highly successful and accessible text has been substantially revised and updated and includes extra coverage throughout on non-western approaches and international political theory. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Heritage Tourism in China Jun 14 2021 This book offers new approaches and insights into the relationships between heritage tourism and notions of modernity, identity building and sustainable development in China. It demonstrates that the role of the state, politics, institutional arrangements and tradition have a considerable impact on perceptions of these notions. The volume contributes to current debates on tradition and modernity; the study of heritage tourism; the negotiated power between stakeholders in tourism planning and policy-making and the study of China 's society. The approach and findings of the book are of value to those interested in the continuities and changes in Chinese society and to graduate students and researchers in tourism, cultural studies and China studies.

Decentralization and Constitutionalism in Africa Sep 25 2019 This collection of essays assesses the efforts of African governments to constitutionalise decentralisation, be it in the form of federalism, local government or traditional authorities. Since the end of the Cold War jurisdictions across Africa have witnessed an ostensible return to multi-party democracy within the paradigm of constitutionalism and the rule of law. Linked to the democratisation process, many countries took steps to decentralize power by departing from the heavily centralized systems inherited from colonial regimes. The centralization of power, typically characterized by the personalization and concentration of power in the hands of leaders and privileged elites in capital cities, mostly resulted in repressive regimes and fragile states. As decentralisation is a response to these challenges, this volume analyses the dynamic relationship between the efforts to implement decentralization and presence or absence of constitutionalism. This volume examines a variety of forms and degrees of decentralization found across Africa. It advances a new understanding of trends and patterns and facilitates the exchange of ideas among African governments and scholars about the critical role that decentralisation may play in democratization of and constitutionalism in Africa.

Interdisciplinary Approaches to the Future of Africa and Policy Development Feb 29 2020 Despite several idealistic efforts towards a united Africa, the term remains a hypothetical concept symbolizing a desired federal state on the continent. While globalization and interconnectedness have brought prosperity in some parts of the world, Africa has not generally benefited from global decisions. These decisions, policies, and practices have tended to be wholly influenced by the rich and powerful countries and their transnational agencies and corporations in pursuit of their national interests. Faced with such enormous external economic and political forces, the divided and powerless African states have been unable to bargain for lucrative economic deals or pursue national interests for the benefit of their people, hence the need to examine what exists in varied fields and the emerging trends for the future. *Interdisciplinary Approaches to the Future of Africa and Policy Development* addresses critical issues and challenges in Africa and seeks to examine and understand the future trends in Africa through a deconstructive interrogation of present trends. Covering a wide range of topics such as sustainability, equality, and democracy, it is ideal for researchers, academicians, students, economists, policymakers, political parties, trade unions, and NGOs.

Einführung in die politische Theorie Jul 28 2022

Music and Politics Jan 22 2022 Changes our picture of how music and politics interact through a rigorous and wide-ranging reappraisal of the field.

John Heywood's new standard arithmetic Apr 12 2021

Political Ideologies, Fourth Edition Sep 29 2022 This revised and updated fourth edition of the leading text on political ideologies contains a new chapter on multiculturalism, consideration of the changing nature of ideological discourse, including the transition from "traditional" to "new" ideologies, and coverage of the impact on the major ideological traditions of developments such as globalization and the "war on terror".

**Young People Re-Generating Politics in Times of Crises** Mar 12 2021 This book provides insight into the diverse ways young people from around the world are regenerating politics in innovative and multifaceted ways. The authors, who include academics and activists, challenge claims that young people are apolitical, apathetic and living up to the 'me generation' stereotype. Contributions cover a rich body of case examples of traditional and new forms of youth politics in response to situated injustices and political and socio-economic crises. Significant and optimistic, the collection presents strong evidence from across the globe that these developments are not isolated incidences, but are in fact part of a systemic, large-scale transformation leading to a regeneration of the political landscape by young people. The book is aimed at students and scholars in the fields of politics, sociology, policy studies and youth and childhood studies.

**Politics** Oct 31 2022 This textbook provides a comprehensive introduction to the study of politics, covering areas as diverse as comparative government and political philosophy, international relations and political economy, from an international perspective. The fourth edition has been systematically revised and updated to cover key developments ...

**An Introduction to Engaged Buddhism** Mar 31 2020 This textbook introduces and explores the ideas, practices and philosophy of engaged Buddhism. The movement holds that suffering is not just caused by the cravings of the mind, but also by political and social factors; therefore, engaged Buddhists 'engage' with social issues to achieve liberation. Paul Fuller outlines the movement's origins and principles. He then offers a comprehensive analysis of the central themes and issues of engaged Buddhism, offering new insights into the formation of modern Buddhism. The range of issues covered includes politics, gender, environmentalism, identity, blasphemy and violence. These are illustrated by case studies and examples from a range of locations where Buddhism is practised. Discussion points and suggested further reading are provided at the end of each chapter, which will further enrich undergraduates' grasp of the topic.

**Über die Revolution** Jun 26 2022 Die globalen Veränderungen der letzten Jahrzehnte und das Ende des Kalten Krieges werfen ein neues Licht auf Hannah Arendts Schrift »Über die Revolution«. Arendt analysiert in dieser brillanten Studie eines der erstaunlichsten Phänomene des 20. Jahrhunderts: Ausgehend von der amerikanischen und der Französischen Revolution, untersucht sie die Ablösung des Krieges als Mittel der gewaltsamen Veränderung durch die Revolution.

**John Heywood** Jun 22 2019 John Heywood was an important literary and theatrical pioneer in his own right, but he is also a revealing lens through which to view the wider tumultuous history of the sixteenth century. He was, through the period from the mid-1520s to the 1560s, as near to a celebrity as Tudor England possessed, famed for his 'merry' persona and good humour. But his public image concealed a deeper engagement with religious and political history. Enduringly resistant to extremism, he variously entertained, counselled, and cautioned his readers and audiences through four reigns, finding himself, as regimes changed and religious policies shifted, successively celebrated, marginalised, anathematised, condemned to death, recuperated, and celebrated once more before finally retreating into exile on the Continent in 1564. He produced plays at the courts of Henry VIII, Edward VI, Mary and Elizabeth, performed and taught keyboard music, wrote lyric poetry and songs, and from the mid-sixteenth century turned to collecting and publishing highly successful volumes of proverbs and epigrams for which he was remembered well into the seventeenth century. Each of these works provides a subtle, often courageously critical engagement with the politics of its moment. To study Heywood's career takes us beyond the clichés of popular history, beyond Shakespeare and the Elizabethan playhouses, beyond the canonical Henrician court poets and the writers of the Elizabethan 'Golden Age', beyond even the experiences of the century's chief ministers, intellectuals, and martyrs, to a theatrical and literary world less visible in the conventional sources. It opens a window on a culture in which the actions of monarchs, their councillors, and their victims were witnessed and reflected upon at one remove from the centres of power. And it allows us to re-examine the significance of an individual who deserves our attention, not only for his considerable artistic achievements, but also for the determination with which, often against the odds, he used his talents in pursuit of wider humanist cultural principles for over half a century.

**Bürokratie** Feb 20 2022 David Graeber, der bedeutendste Anthropologe unserer Zeit, entfaltet eine fulminante und längst überfällige Fundamentalkritik der globalen Bürokratie! Er erforscht die Ursprünge unserer Sehnsucht nach Regularien und entlarvt ihre Bedeutung als Mittel zur Ausübung von Gewalt. Wir alle hassen Bürokraten. Wir können es nicht fassen, dass wir einen Großteil unserer Lebenszeit damit verbringen müssen, Formulare auszufüllen. Doch zugleich nährt der Glaube an die Bürokratie unsere Hoffnung auf Effizienz, Transparenz und Gerechtigkeit. Gerade im digitalen Zeitalter wächst die Sehnsucht nach Ordnung und im gleichen Maße nimmt die Macht der Bürokratien über jeden Einzelnen von uns zu. Dabei machen sie unsere Gesellschaften keineswegs transparent und effizient, sondern dienen mittlerweile elitären Gruppeninteressen. Denn Kapitalismus und Bürokratie sind einen verhängnisvollen Pakt eingegangen und könnten die Welt in den Abgrund reißen.

**Hong Kong 20 Years after the Handover** Oct 26 2019 This book examines the socio-political conflicts which have arisen since Hong Kong's return to China and confronts the fundamental problems in the design of the One Country, Two Systems (OCTS) Model. It considers not only the issue of democratization, but also the institutional fractures in the executive-dominant political system and the disconnection between the executive and the legislature. It describes the drastic changes which have affected social mobilization and political activism in Hong Kong, as well as the pattern of interaction between the government and civil society. This edited volume brings together a team of cutting-edge researchers to examine the operation of the One Country, Two Systems (OCTS) Model in Hong Kong over the past 20 years. The discussion and analysis offered by the contributors will cast light on social and political tensions and conflicts that will continue to unfold in the coming years. This timely account, published on the 20th anniversary of the handover, will be a valuable read for students and scholars of Chinese and East Asian studies.

**Making Sense of Cyber Capabilities for Small States** Nov 07 2020 Domingo explores the potential of cyber capabilities for

small states in the Asia-Pacific, the most active region for cyber conflict. He develops a systematic explanation for why Brunei, New Zealand, and Singapore have developed or are developing cyber capabilities. Studies on cyber conflict and strategy have substantially increased in the past decade but most have focused on the cyber operations of powerful states. This book moves away from the prominence of powerful states and explores the potential of cyber capabilities for small states in the Asia-Pacific, the most active region for cyber conflict. It develops a systematic explanation of why Brunei, New Zealand, and Singapore have developed or are developing cyber capabilities despite its obscure strategic value. The book argues that the distribution of power in the region and a "technology-oriented" strategic culture are two necessary conditions that influence the development of cyber capabilities in small states. Following this argument, the book draws on neoclassical realism as a theoretical framework to account for the interaction between these two conditions. The book also pursues three secondary objectives. First, it aims to determine the constraints and incentives that affect the utilization of cyber capabilities as foreign policy instruments. Second, the book evaluates the functionality of these cyber capabilities for small states. Lastly, it assesses the implications of employing cyber capabilities as foreign policy tools of small states. This book will be an invaluable resource for academics and security analysts working on cyber conflict, military strategy, small states, and International Relations in general.
